IOP Institute of Physics

14 June 2022

Professor Mark Newton
Department of Physics
University of Warwick
Gibbet Hill Road
Coventry
CV4 7AL

Dear Professor Newton

Degree accreditation result

I am writing to inform you that your application for the accreditation and recognition of the degrees listed overleaf has been successful.

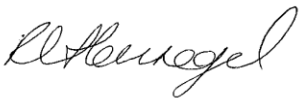
The Degree Accreditation Committee confirms that each degree listed has been granted accreditation for the maximum term of five years, with a review date of 30 May 2027 having been set.

The department is reminded that accreditation and recognition is granted to the programmes as presented to the assessment panel in the accreditation submission and during discussion meetings. Any significant changes subsequently made to accredited degree programmes must be communicated to the Institute prior to implementation.

Responsibility for ensuring that degree programmes continue to comply with accreditation and recognition requirements lies with the department. The Institute of Physics reserves the right to retrospectively remove accreditation or recognition from programmes that cease to comply with the requirements.

I hope you found the accreditation process beneficial. The final report will contain the findings of the assessment panel and this should be with you by the end of July. In the meantime, if you have any questions do please contact me.

Yours sincerely



Robyn Henriegel MInstP FRAS
Accreditation and Professional Standards Manager

IOP Institute of Physics

Department of Physics
University of Warwick

The following degrees are accredited by the Institute of Physics

BSc	Physics	F300
BSc	Physics with Intercalated Year	F301
BSc	Physics with Astrophysics	F3F5
MPhys	Physics	F303
MPhys	Physics with Astrophysics	F3FA
MMathPhys	Mathematics and Physics	FG31

The following degrees are recognised by the Institute of Physics

BSc	Physics with Business Studies	F3N1
BSc	Physics and Business Studies (with Intercalated Year)	F3ND
BSc	Mathematics and Physics	GF13
BSc	Mathematics and Physics with Intercalated year	GF14

Accredited BSc programmes partially meet the educational requirements for Chartered Physicist Status. Accredited MPhys/MSci programmes fully meet the educational requirements for Chartered Physicist status.

Recognised programmes meet the educational requirements for Membership of the Institute of Physics.

All programmes are set a review date of 30 May 2027
