Volunteering allows me to connect to the community and to make a real and positive difference to the lives of people.

--- Cheri SO (Finalist LLB 😊)

Local secondary/primary schools and local charities/community groups supported by volunteers

Volunteering with Warwick Volunteer has been one of the most enriching and fulfilling experiences away from the busy life at the university.

It was rewarding to see that the few hours of the sessions can have a long-lasting and significant impact on the local community.

Best of all, the myriad opportunities and welcoming atmosphere around volunteering mean anyone can give it a go.

Running my own project was a rewarding experience that helped me build skills and confidence as well as making a difference working with a community I'm passionate about supporting. The support from WV was amazing at every stage of the process and helped me make my idea a reality, even when I encountered obstacles.
