

DBS application on GBG: avoid errors

Your Address

We require 5 years of address history including home and university addresses. Please provide your current address first and you will be asked for further addresses if 5 years are not covered.

For DBS checks, if your current address is overseas it may be advised to use a C/o address in the UK i.e. your employer. To receive your disclosure certificate.

If you have travelled abroad with no fixed abode, select 'Enter address manually' where you can then provide your travel details.

Make sure you add ALL the addresses you have lived in in the last 5 years, including home address and **campus address**. Dates can overlap.

Address History Timeline

The chart below shows the last 5 years address history, it will update as you enter your addresses below.

Current Address
