DISCLAIMER

Specifications are updated over time. Whilst every effort is made to check all documents, there may be contradictions between published resources and the specification, therefore please use the information on the latest specification at all times. Where changes are made to specifications these will be indicated within the document, there will be a new version number indicated, and a summary of the changes. If you do notice a discrepancy between the specification and a resource please contact us at: resources.feedback@ocr.org.uk

We will inform centres about changes to specifications. We will also publish changes on our website. The latest version of our specifications will always be those on our website (ocr.org.uk) and these may differ from printed versions.

Summary of Updates 24
Support and Guidance

Introducing a new specification brings challenges for implementation and teaching, but it also opens up new opportunities. Our aim is to help you at every stage. We are working hard with teachers and other experts to bring you a package of practical support, resources and training.

Subject Advisors

OCR Subject Advisors provide information and support to centres including specification and non-exam assessment advice, updates on resource developments and a range of training opportunities.

Our Subject Advisors work with subject communities through a range of networks to ensure the sharing of ideas and expertise supporting teachers and students alike. They work with developers to help produce our specifications and the resources needed to support these qualifications during their development.

You can contact our Classics Subject Advisors for specialist advice, guidance and support:

Teaching and learning resources

Our resources are designed to provide you with a range of teaching activities and suggestions that enable you to select the best activity, approach or context to support your teaching style and your particular students. The resources are a body of knowledge that will grow throughout the lifetime of the specification, they include:

- Delivery Guides
- Transition Guides
- Topic Exploration Packs
- Lesson Elements.

We also work with a number of leading publishers who publish textbooks and resources for our specifications. For more information on our publishing partners and their resources visit: ocr.org.uk/publishing-partners

Professional development

Our improved Professional Development Programme fulfils a range of needs through course selection, preparation for teaching, delivery and assessment. Whether you want to come to events, look at our new digital training or search for training materials, you can find what you’re looking for all in one place at the CPD Hub: cpdhub.ocr.org.uk

An introduction to new specifications

We run training events throughout the academic year that are designed to help prepare you for first teaching and support every stage of your delivery of the new qualifications.

1 Why choose an OCR GCSE (9–1) in Classical Greek?

1a. Why choose an OCR qualification?

Choose OCR and you’ve got the reassurance that you’re working with one of the UK’s leading exam boards. Our new OCR GCSE (9–1) in Classical Greek course has been developed in consultation with teachers, employers and Higher Education to provide learners with a qualification that’s relevant to them and meets their needs.

We’re part of the Cambridge Assessment Group, Europe’s largest assessment agency and a department of the University of Cambridge. Cambridge Assessment plays a leading role in developing and delivering assessments throughout the world, operating in over 150 countries.

We work with a range of education providers, including schools, colleges, workplaces and other institutions in both the public and private sectors. Over 13,000 centres choose our A Levels, GCSEs and vocational qualifications including Cambridge Nationals and Cambridge Technicals.

Our Specifications

We believe in developing specifications that help you bring the subject to life and inspire your students to achieve more.

We’ve created teacher-friendly specifications based on extensive research and engagement with the teaching community. They’re designed to be straightforward and accessible so that you can tailor the delivery of the course to suit your needs. We aim to encourage students to become responsible for their own learning, confident in discussing ideas, innovative and engaged.

We provide a range of support services designed to help you at every stage, from preparation through to the delivery of our specifications. This includes:

- A wide range of high-quality creative resources including:
  - Delivery Guides
  - Transition Guides
  - Topic Exploration Packs
  - Lesson Elements
  - ... and much more.

- Access to Subject Advisors to support you through the transition and throughout the lifetime of the specifications.

- CPD/Training for teachers including events to introduce the qualifications and prepare you for first teaching.

- Active Results – our free results analysis service to help you review the performance of individual learners or whole schools.

All GCSE (9–1) qualifications offered by OCR are accredited by Ofqual, the Regulator for qualifications offered in England. The accreditation number for OCR’s GCSE (9–1) in Classical Greek is QN:601/8123/0.
1b. Why choose an OCR GCSE (9–1) in Classical Greek?

OCR’s GCSE (9–1) in Classical Greek has been designed to help learners develop their understanding of the Classical Greek language and the related ancient literature, values and society.

We have updated the traditional, popular structure of the GCSE and have added in increased optionality. This allows learners the new option to study two prose literature components or two verse literature components, as well as the existing popular choice of studying a prose literature component and a verse literature component, or a literature component and the ‘Literature and Culture’ component.

We have designed this qualification with teachers and learners in mind, having consulted extensively across the United Kingdom. The subject criteria pose challenges not faced before at GCSE, for instance the need to translate short sentences from English into Classical Greek or answer questions on syntax and accidence. The approach that we have taken in this specification will allow teachers and learners to face these challenges with confidence.

We want to ensure that OCR’s GCSE (9–1) in Classical Greek engages learners, develops a desire within them to continue learning Classical Greek and helps develop a lifelong enthusiasm for the Classical world.

Aims and learning outcomes

OCR’s GCSE (9–1) in Classical Greek will enable learners to:

- develop and deploy their knowledge of vocabulary, morphology and syntax in order to read, understand and interpret Classical Greek
- develop their knowledge and understanding of ancient literature, values and society through the study of original texts, adapted and abridged, as appropriate
- select, analyse and evaluate evidence to draw informed conclusions from the literature studied to:
  - demonstrate knowledge and understanding of the historical, literary and cultural context of a text
  - identify and appreciate its literary form and impact on the reader
- develop and apply their critical, analytical and reflective skills to evaluate evidence from a range of sources

OCR’s GCSE (9–1) in Classical Greek will encourage learners to:

- develop insights into the relevance of Classical Greek and of ancient literature and civilisation to our understanding of our modern world of diverse cultures
- deploy their knowledge and understanding of Classical Greek to deepen their understanding of English and other languages
- relate their knowledge and understanding of the ancient world to other disciplines
- develop research and analytical skills which will empower them to become independent learners and enquirers, equipping them for further study in arts, humanities and sciences.
1c. What are the key features of this specification?

The key features of OCR’s GCSE (9–1) in Classical Greek for you and your learners are:

- the freedom to create the most appropriate and engaging course which plays to the strengths of your learners
- the opportunity to develop linguistic skills which will help both in the study and application of English and other languages
- the study of ancient literature and sources which helps give learners an insight into the life and culture of the ancient world
- the encouragement to help develop and apply critical analytical skills which will help learners in their future study
- it provides solid preparation for those wishing to progress to our AS and A Level Classical Greek qualifications.

1d. How do I find out more information?

All components include synoptic assessment.
2b. Content of GCSE (9–1) in Classical Greek (J292)

The OCR GCSE (9–1) in Classical Greek will allow learners to develop their knowledge of Classical Greek vocabulary, morphology and syntax so that they can read and understand unseen confected or adapted passages of Classical Greek.

The OCR GCSE (9–1) in Classical Greek will require learners to know the words which are listed in the Defined Vocabulary List (DVL) as well as other specified forms of these words. The Defined Vocabulary List (DVL) will be available on the OCR website. Learners will be expected to know and understand the application of syntax and accidence listed in this specification.

The OCR GCSE (9–1) in Classical Greek will develop learners’ knowledge and understanding of the ancient world through the study of ancient literature and ancient sources. Learners are required to study a compulsory Language component together with either two Literature components, or one Literature component and the Literature and Culture component.

The Language component (01) requires learners to translate a passage of Classical Greek, answer comprehension questions and either answer questions on syntax and accidence within the context of a narrative passage or translate short English sentences into Classical Greek.

The vocabulary, accidence and syntax required for the composition of the Classical Greek sentences and the questions focusing on syntax and accidence will be taken from restricted lists.

The Literature components (02–05) will require the study of between 110 and 120 lines of material in Classical Greek. These set texts will change every two years. The set texts to be studied for the first six years of assessment of the specification are listed in the specification.

The Literature and Culture component (06) will require the study of two different topics through the exploration of the prescribed sources listed in the Prescribed Sources Booklet, which is available on the OCR website, and other sources which cover the same topic areas. The material for the Literature and Culture component will remain for the lifetime of the specification.

The set texts and topics will be reviewed after three years and may be subject to change. Each set text and topic will remain on the list for the lifetime of the qualification, unless the review process identifies a necessary change. If a text is to be removed from the list and replaced with another text, centres will be notified a year in advance.
2c. Content of Language (J292/01)

In the course of this component, learners will develop their knowledge of Classical Greek vocabulary and linguistic structures through reading and studying texts and stories in Classical Greek. They will then demonstrate their linguistic competence through the translation and comprehension of unseen Classical Greek passages.

Learners will also be able to demonstrate their linguistic ability by either recognising, analysing and explaining accidence and syntax within the context of a narrative passage or by translating short sentences from English into Classical Greek.

2c. Content of Literature components (J292/02, J292/03, J292/04 and J292/05)

These components are designed to develop learners’ knowledge and understanding of ancient literature through studying the set texts listed on the opposite page. These components assess learners’ ability to analyse, evaluate and respond to the ancient literature they have studied.

Learners will study the set text listed on the opposite page for the relevant year. Each set text or group of texts will be between 110 and 120 lines in length, and will be examined for a maximum of two years.

All of the texts for examination between 2018 and 2023 can also be found in:

*OCR Anthology for Classical Greek GCSE*, edited by Judith Affleck and Clive Letchford
ISBN: 9781474265485

Centres are free to use any complete edition of the prescribed text as they choose. Where a passage is printed on the question paper it will be taken from the OCR Anthology for Classical Greek GCSE text listed above with such modifications as seem appropriate to the examiners.
### 2c. Content of Literature and Culture (J292/06)

This component is designed to develop learners’ knowledge and understanding of Greek civilisation and culture through the study of ancient literature and other ancient source material.

Learners should study the prescribed ancient source material in the ‘Prescribed Sources Booklet’ for both of the topic areas set in any given year.

Learners should also study additional ancient sources covering similar content to help illustrate the topics they are studying and provide opportunities for comparison.

The topic areas and the prescribed sources booklet will remain the same for the whole life of the specification.

2d. Prior knowledge, learning and progression

Learners who are beginning a GCSE (9–1) course are likely to have followed a Key Stage 3 programme of study. No prior knowledge of this subject is required but may be beneficial.

GCSEs (9–1) are qualifications that enable learners to progress to further qualifications either Vocational or General.

This qualification provides the ideal foundation for learners to progress to OCR’s AS Level in Classical Greek and A Level in Classical Greek.

Assessment of GCSE (9–1) in Classical Greek

3a. Forms of assessment

OCR’s GCSE (9–1) in Classical Greek consists of three components that are externally assessed. Learners must sit J292/01 and then any two from J292/02, J292/03, J292/04, J292/05 and J292/06.

J292/01 Language

This is a compulsory component. It is worth 100 marks, representing 50% of the total marks for the GCSE (9–1).

Classical Greek Language is an externally assessed written examination testing AO1.

The examination lasts 1 hour 30 minutes and is formed of two sections.

Section A consists of 30 marks. In Section A, the unseen passage will recount a story drawn from mythology or Greek domestic life.

20 marks are available for answering comprehension questions in English, including questions about the derivation of English words from Classical Greek.

10 marks (10% of AO1 overall) are available for learners to choose between either answering questions on accidence and syntax or translating three basic English sentences into Classical Greek.

The restricted vocabulary, accidence and syntax list applies to both the translation into Classical Greek and the syntax and accuracy questions.

Section B consists of 70 marks. In Section B, the unseen passages will recount a story or stories drawn from history.

20 marks will be available for answering comprehension questions in English.

50 marks will be available for translating a passage of unseen Classical Greek of at least 90 words into English.

J292/02, J292/03, J292/04, J292/05 Literature

These are optional components. Each component is worth 50 marks, representing 25% of the total marks for the GCSE (9–1).

These components are externally assessed written examinations testing AO2 and AO3.

Each examination lasts 1 hour.

Each component tests understanding and appreciation of a prescribed set text which is between 110 and 120 lines in length.

Learners will be asked to translate a short passage of the set text from Classical Greek into English and answer comprehension questions. They will also be required to answer analysis questions which will be marked on a point by point basis and an 8-mark analysis question which is marked using a level of response grid. Learners will also be required to write an extended response, which draws upon material from the set text.
3b. Assessment objectives (AO)

There are three Assessment Objectives in OCR GCSE (9–1) in Classical Greek. These are detailed in the table below.

3c. Assessment availability

There will be one examination series available each year in May / June to all learners.
All examined components must be taken in the same examination series at the end of the course.

This specification will be certificated from the June 2018 examination series onwards.

3d. Retaking the qualification

Learners can re-take the qualification as many times as they wish. Learners must retake Component 01 and two components from Component 02 to 06, in the same examination series.

3e. Assessment of extended response

The assessment materials for this qualification provide learners with the opportunity to demonstrate their ability to construct and develop a sustained and coherent line of reasoning and marks for extended responses are integrated into the marking criteria.

3f. Synoptic assessment

Synoptic assessment targets learners’ understanding of the connections between different elements of the subject. It involves the explicit drawing together of knowledge, skills and understanding within different parts of the GCSE (9–1) course.

Synoptic assessment encourages the understanding of Classical Greek as a discipline and requires learners to demonstrate understanding of the links between language and literature in their classical contexts.

3g. Calculating qualification results

A learner’s overall qualification grade GCSE (9–1) in Classical Greek will be calculated by adding together their marks from the three components taken to give their total weighted mark. This mark will then be compared to the qualification level grade boundaries for the entry option taken by the learner and for the relevant exam series to determine the learner’s overall qualification grade.
Admin: what you need to know

The information in this section is designed to give an overview of the processes involved in administering this qualification so that you can speak to your exams officer. All of the following processes require you to submit something to OCR by a specific deadline.

More information about the processes and deadlines involved at each stage of the assessment cycle can be found in the Administration area of the OCR website.

OCR’s Admin overview is available on the OCR website at: http://www.ocr.org.uk/administration

4a. Pre-assessment

Estimated entries

Estimated entries are your best projection of the number of learners who will be entered for a qualification in a particular series.

Estimated entries should be submitted to OCR by the specified deadline. They are free and do not commit your centre in any way.

Final entries

Final entries provide OCR with detailed data for each learner, showing each assessment to be taken. It is essential that you use the correct entry code, considering the relevant entry rules.

Final entries must be submitted to OCR by the published deadlines or late entry fees will apply.

All learners taking a GCSE (9–1) in Classical Greek must be entered for one of the following entry options:

### 4b. Special consideration

Special consideration is a post-assessment adjustment to marks or grades to reflect temporary injury, illness or other indisposition at the time the assessment was taken. Detailed information about eligibility for special consideration can be found in the JCQ publication *A guide to the special consideration process.*
4c. External assessment arrangements

Regulations governing examination arrangements are contained in the JCQ, *Instructions for conducting examinations*.

**Head of Centre Annual Declaration**

The Head of Centre is required to provide a declaration to the JCQ as part of the annual NCN update, conducted in the autumn term, to confirm that the centre is meeting all of the requirements detailed in the specification.

Any failure by a centre to provide the Head of Centre Annual Declaration will result in your centre status being suspended and could lead to the withdrawal of our approval for you to operate as a centre.

**Private candidates**

Private candidates may enter for OCR assessments.

A private candidate is someone who pursues a course of study independently but takes an examination or assessment at an approved examination centre. A private candidate may be a part-time student, someone taking a distance learning course, or someone being tutored privately. They must be based in the UK.

Private candidates need to contact OCR approved centres to establish whether they are prepared to host them as a private candidate. The centre may charge for this facility and OCR recommends that the arrangement is made early in the course.

Further guidance for private candidates may be found on the OCR website: [http://www.ocr.org.uk](http://www.ocr.org.uk)
4d. Results and certificates

Grade Scale

GCSE (9–1) qualifications are graded on the scale: 9–1, where 9 is the highest. Learners who fail to reach the minimum standard of 1 will be Unclassified (U). Only subjects in which grades 9 to 1 are attained will be recorded on certificates.

Results

Results are released to centres and learners for information and to allow any queries to be resolved before certificates are issued.

Centres will have access to the following results information for each learner:

- the grade for the qualification
- the raw mark for each component
- the total weighted mark for the qualification.

The following supporting information will be available:

- raw mark grade boundaries for each component
- weighted mark grade boundaries for each entry option.

Until certificates are issued, results are deemed to be provisional and may be subject to amendment.

A learner’s final results will be recorded on an OCR certificate. The qualification title will be shown on the certificate as ‘OCR Level 1/Level 2 GCSE (9–1) in Classical Greek’.

4e. Post-results services

A number of post-results services are available:

- Enquiries about results – If you are not happy with the outcome of a learner’s results, centres may submit an enquiry about results.

- Missing and incomplete results – This service should be used if an individual subject result for a learner is missing, or the learner has been omitted entirely from the results supplied.

- Access to scripts – Centres can request access to marked scripts.

4f. Malpractice

Any breach of the regulations for the conduct of examinations and non-exam assessment may constitute malpractice (which includes maladministration) and must be reported to OCR as soon as it is detected. Detailed information on malpractice can be found in the JCQ publication Suspected Malpractice in Examinations and Assessments: Policies and Procedures.
5 Appendices

5a. Grade Descriptors

1. Grade 8

1.1 To achieve Grade 8 candidates will be able to:

- complete a range of linguistic tasks, including translation and comprehension, with a consistently high degree of accuracy
- demonstrate accurate knowledge and understanding of diverse aspects of literature and/or sources
- analyse a range of literary or other evidence with perception and precision
- critically evaluate and respond convincingly to literary or other evidence with reason and sensitivity

2. Grade 5

2.1 To achieve Grade 5 candidates will be able to:

- complete a range of linguistic tasks, including translation and comprehension, with reasonable accuracy
- demonstrate mostly accurate knowledge and understanding of some aspects of literature and/or sources
- analyse literary or other evidence with occasional perception and precision
- evaluate literary or other evidence in a mostly reasoned and clear manner

3. Grade 2

3.1 To achieve Grade 2 candidates will be able to:

- complete some linguistic tasks, including translation and comprehension, with limited accuracy
- demonstrate limited knowledge and understanding of some aspects of literature and/or sources
- make basic comments on literary or other evidence

5b. Overlap with other qualifications

There is no overlap with any other qualifications.
5c. Accessibility

Reasonable adjustments and access arrangements allow learners with special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do, without changing the demands of the assessment. Applications for these should be made before the examination series. Detailed information about eligibility for access arrangements can be found in the JCQ Access Arrangements and Reasonable Adjustments.

The GCSE (9–1) qualification and subject criteria have been reviewed in order to identify any feature which could disadvantage learners who share a protected Characteristic as defined by the Equality Act 2010. All reasonable steps have been taken to minimise any such disadvantage.
## 5d. Classical Greek Accidence and Syntax

Comprehension and translation questions will be based on the accidence and syntax listed in Appendix 5d.

Questions on accidence and syntax and the translation of English sentences will be based on the restricted accidence and syntax listed in Appendix 5e.

### Accidence

#### Verbs

Dual forms are excluded throughout.

For all types of verb listed below, knowledge is required of the following forms (where they exist):

- present, future, imperfect and aorist tenses (all persons, singular and plural), in the active, middle and passive voices
- second person imperatives, present and aorist (singular and plural), in the active voice (with middle forms for deponent verbs)
- present, future and aorist participles (all genders and cases, singular and plural) and infinitives, in the active, middle and passive voices
- present and aorist subjunctive and optative (all persons, singular and plural), in the active, middle and passive voices
- regular verbs with vowel and consonantal stems and contracted verbs of the types -αω and -εω
- irregular verbs in the vocabulary list
  - εἰμί (I am)
  - φημί (I say)

and the specified parts of the following:

- εἰμί (I go, shall go; present tense, participle ιῶν, ιούσα, ιόν and infinitive ιέναι only)
- οἶδα (I know; present tense, participle εἰδός, εἰδυῖα, εἰδός and infinitive εἰδέναι only)
- δίδωμι (I give; future and aorist indicative active and infinitives only)

Knowledge of other -μι and defective verbs is not expected. Such verbs appearing on the paper will be glossed with a full translation.

Candidates will be expected to work out the meanings of compound verbs where basic prepositions are used as prefixes e.g. ἐκβάλλω (I throw out)

#### Nouns and Pronouns

- all cases, singular and plural, of the nouns of the following types:
  - χώρα, θάλασσα, φωνή, πολίτης, νεανίας, ἵππος, ἔργον, φύλαξ, βασιλεύς, πόλις, σῶμα, τεῖχος
- the declensions of the irregular nouns in the Defined Vocabulary List
- the declensions of the pronouns in the Defined Vocabulary List

#### Adjectives and Adverbs

- all genders and cases, singular and plural, of the adjectives of the following types:
  - σοφός, ἀληθής, ευφός, καλλιός
- the declensions of the irregular adjectives in the Defined Vocabulary List
- the formation and declension of the comparatives and superlatives of adjectives and adverbs in the Defined Vocabulary List
**Syntax**

- standard uses of the cases
- expressions of time and place
- the genitive of comparison
- the cases taken by verbs and prepositions in the Defined Vocabulary List
- direct commands and prohibitions (second person only of both)
- direct questions
- indirect statements (constructions with ὅτι, the infinitive, the participle)
- indirect commands
- indirect questions
- purpose clauses (with ἵνα and with ὡς + the future participle)
- relative clauses with ὡς
- result clauses
- conditional clauses (future open and past unfulfilled only)
- temporal clauses with the indicative

**Participles**
- genitive absolute
- concessive (with καὶ ἐποiteit)
- the article and participle
- normal temporal usage
5e. **Restricted Classical Greek Accidence and Syntax list**

Questions on accidence and syntax and the translation of English sentences will be based on the restricted accidence and syntax listed in Appendix 5e.
