1b. Why choose an OCR GCSE (9–1) in Latin?

OCR’s GCSE (9–1) in Latin has been designed to help learners develop their understanding of the Latin language and the related ancient literature, values and society.

We have updated the traditional, popular structure of the GCSE and have added in increased optionality. This allows learners the new option to study two prose literature components or two verse literature components, as well as the existing popular choice of studying a prose literature component and a verse literature component, or a literature component and the ‘Literature and Culture’ component.

We have designed this qualification with teachers and learners in mind, having consulted extensively across the United Kingdom. The subject criteria pose challenges not faced before at GCSE, for instance the need to translate short sentences from English into Latin or answer questions on syntax and accidence. The approach that we have taken in this specification will allow teachers and learners to face these challenges with confidence.

We want to ensure that OCR’s GCSE (9–1) in Latin engages learners, develops a desire within them to continue learning Latin and helps develop a lifelong enthusiasm for the Classical world.
Aims and learning outcomes

OCR’s GCSE (9–1) in Latin will enable learners to:

- develop and deploy their knowledge of vocabulary, morphology and syntax in order to read, understand and interpret Latin
- develop their knowledge and understanding of ancient literature, values and society through the study of original texts, adapted and abridged as appropriate
- select, analyse and evaluate evidence to draw informed conclusions from the literature studied to:
  - demonstrate knowledge and understanding of the historical, literary and cultural context of a text
  - identify and appreciate its literary form and impact on the reader
- develop and apply their critical, analytical and reflective skills to evaluate evidence from a range of sources

OCR’s GCSE (9–1) in Latin will encourage learners to:

- develop insights into the relevance of Latin and of ancient literature and civilisation to our understanding of our modern world of diverse cultures
- deploy their knowledge and understanding of Latin to deepen their understanding of English and other languages
- relate their knowledge and understanding of the ancient world to other disciplines
- develop research and analytical skills which will empower them to become independent learners and enquirers, equipping them for further study in arts, humanities and sciences.

1c. What are the key features of this specification?

The key features of OCR’s GCSE (9–1) in Latin for you and your learners are:

- the freedom to create the most appropriate and engaging course which plays to the strengths of your learners
- the opportunity to develop linguistic skills which will help both in the study and application of English and other languages
- the study of ancient literature and sources which helps give learners an insight into the life and culture of the ancient world
- the encouragement to help develop and apply critical analytical skills which will help learners in their future study
- it provides solid preparation for those wishing to progress to our AS and A Level Latin qualifications.

All components include synoptic assessment.
2b. Content of GCSE (9–1) in Latin (J282)

The OCR GCSE (9–1) in Latin will allow learners to develop their knowledge of Latin vocabulary, morphology and syntax so that they can read and understand unseen confected or adapted passages of Latin.

The OCR GCSE (9–1) in Latin will require learners to know the words which are listed in the Defined Vocabulary List (DVL) as well as other specified forms of these words. The Defined Vocabulary List (DVL) will be available on the OCR website. Learners will be expected to know and understand the application of syntax and accidence listed in this specification.

The OCR GCSE (9–1) in Latin will develop learners’ knowledge and understanding of the ancient world through the study of ancient literature and ancient sources. Learners are required to study a compulsory Language component together with either two Literature components, or one Literature component and the Literature and Culture component.

The Language component (01) requires learners to translate a passage of Latin, answer comprehension questions and either answer questions on syntax and accidence within the context of a narrative passage or translate short English sentences into Latin.

The vocabulary, accidence and syntax required for the composition of Latin sentences will be taken from restricted lists. The accidence and syntax questions will draw upon the full range of syntax and accidence listed in the specification.

The Literature components (02–05) will require the study of between 110 and 120 lines of material in Latin. These set texts will change every two years. The set texts to be studied for the first six years of assessment of the specification are listed in the specification.

The Literature and Culture component (06) will require the study of two different topics through the exploration of the prescribed sources listed in the Prescribed Sources Booklet, which is available on the OCR website, and other sources which cover the same topic areas. The material for the Literature and Culture component will remain for the lifetime of the specification.

The set texts and topics will be reviewed after three years and may be subject to change. Each set text and topic will remain on the list for the lifetime of the qualification, unless the review process identifies a necessary change. If a text is to be removed from the list and replaced with another text, centres will be notified a year in advance.
2c. Content of Language (J282/01)

In the course of this component, learners will develop their knowledge of Latin vocabulary and linguistic structures through reading and studying texts and stories in Latin. They will then demonstrate their linguistic competence through the translation and comprehension of unseen Latin passages. Learners will also be able to demonstrate their linguistic ability by either recognising, analysing and explaining accidence and syntax within the context of a narrative passage or by translating short sentences from English into Latin.

2c. Content of Literature components (J282/02, J282/03, J282/04 and J282/05)

Learners will study the set text listed on the opposite page for the relevant year. Each set text or group of texts will be between 110 and 120 lines in length, and will be examined for a maximum of two years.

2d. Prior knowledge, learning and progression

Learners who are beginning a GCSE (9–1) course are likely to have followed a Key Stage 3 programme of study. No prior knowledge of this subject is required but may be beneficial.

GCSEs are qualifications that enable learners to progress to further qualifications either Vocational or General.

This qualification provides the ideal foundation for learners to progress to OCR’s AS Level in Latin and A Level in Latin.

3 Assessment of GCSE (9–1) in Latin

3a. Forms of assessment

OCR’s GCSE (9–1) in Latin consists of three components that are externally assessed. Learners must sit J282/01 and then any two from J282/02, J282/03, J282/04, J282/05 and J282/06.

J282/01 Language

This is a compulsory component. It is worth 100 marks, representing 50% of the total marks for the GCSE (9–1).

Latin Language is an externally assessed written examination testing AO1.

The examination lasts 1 hour 30 minutes and is formed of two sections.

Section A consists of 30 marks. In Section A, the unseen passage will recount a story drawn from mythology or Roman domestic life.

20 marks are available for answering comprehension questions in English, including questions about the derivation of English words from Latin.

10 marks (10% of AO1 overall) are available for learners to choose between either answering questions on accidence and syntax or translating three basic English sentences into Latin.

The syntax and accidence questions draw upon the full syntax and accidence listed in Appendix 5d.

The restricted vocabulary, accidence and syntax list applies only to the translation into Latin.

Section B consists of 70 marks. In Section B, the unseen passages will recount a story or stories drawn from history.

20 marks will be available for answering comprehension questions in English.

50 marks will be available for translating a passage of unseen Latin of at least 90 words into English.

J282/02, J282/03, J282/04, J282/05 Literature

These are optional components. Each component is worth 50 marks, representing 25% of the total marks for the GCSE (9–1).

These components are externally assessed written examinations testing AO2 and AO3.

Each examination lasts 1 hour.

Each component tests understanding and appreciation of a prescribed set text which is between 110 and 120 lines in length.

Learners will be asked to translate a short passage of the set text from Latin into English and answer comprehension questions. They will also be required to answer analysis questions which will be marked on a point by point basis and an 8-mark analysis question which is marked using a level of response grid.

Learners will also be required to write an extended response, which draws upon material from the set text.
**J282/06 Literature and Culture**

This is an optional component. It is worth 50 marks, representing 25% of the total marks for the GCSE (9–1).

Literature and Culture is an externally assessed written examination testing AO2 and AO3.

The examination lasts 1 hour.

Questions will require learners to demonstrate knowledge and understanding of the materials in the ‘Prescribed Sources Booklet’ and their own study as well use the unseen sources provided in the insert booklet for the assessment.

Questions will also require learners to analyse the sources provided in the assessment, provide a personal response to the material studied and answer extended response questions.

### 3b. Assessment objectives (AO)

There are three Assessment Objectives in OCR GCSE (9–1) in Latin. These are detailed in the table below.

3c. Assessment availability

There will be one examination series available each year in May / June to all learners.

All examined components must be taken in the same examination series at the end of the course.

This specification will be certificated from the June 2018 examination series onwards.

3d. Retaking the qualification

Learners can re-take the qualification as many times as they wish. Learners must retake Component 01 and two components from Component 02 to 06, in the same examination series.

3e. Assessment of extended response

The assessment materials for this qualification provide learners with the opportunity to demonstrate their ability to construct and develop a sustained and coherent line of reasoning and marks for extended responses are integrated into the marking criteria.

3f. Synoptic assessment

Synoptic assessment targets learners’ understanding of the connections between different elements of the subject. It involves the explicit drawing together of knowledge, skills and understanding within different parts of the GCSE course.

Synoptic assessment encourages the understanding of Latin as a discipline and requires learners to demonstrate understanding of the links between language and literature in their classical contexts.

3g. Calculating qualification results

A learner’s overall qualification grade GCSE (9–1) in Latin will be calculated by adding together their marks from the three components taken to give their total weighted mark.

This mark will then be compared to the qualification level grade boundaries for the entry option taken by the learner and for the relevant exam series to determine the learner’s overall qualification grade.
4 Admin: what you need to know

The information in this section is designed to give an overview of the processes involved in administering this qualification so that you can speak to your exams officer. All of the following processes require you to submit something to OCR by a specific deadline.

More information about the processes and deadlines involved at each stage of the assessment cycle can be found in the Administration area of the OCR website.

OCR’s Admin overview is available on the OCR website at: http://www.ocr.org.uk/administration

4a. Pre-assessment

Estimated entries

Estimated entries are your best projection of the number of learners who will be entered for a qualification in a particular series.

Estimated entries should be submitted to OCR by the specified deadline. They are free and do not commit your centre in any way.

Final entries

Final entries provide OCR with detailed data for each learner, showing each assessment to be taken. It is essential that you use the correct entry code, considering the relevant entry rules.

Final entries must be submitted to OCR by the published deadlines or late entry fees will apply.

All learners taking a GCSE (9–1) in Latin must be entered for one of the following entry options:

### 4b. Special consideration

Special consideration is a post-assessment adjustment to marks or grades to reflect temporary injury, illness or other indisposition at the time the assessment was taken. Detailed information about eligibility for special consideration can be found in the JCQ publication *A guide to the special consideration process*. 
4c. **External assessment arrangements**

Regulations governing examination arrangements are contained in the JCQ *Instructions for conducting examinations*.

**Head of Centre Annual Declaration**

The Head of Centre is required to provide a declaration to the JCQ as part of the annual NCN update, conducted in the autumn term, to confirm that the centre is meeting all of the requirements detailed in the specification.

Any failure by a centre to provide the Head of Centre Annual Declaration will result in your centre status being suspended and could lead to the withdrawal of our approval for you to operate as a centre.

**Private candidates**

Private candidates may enter for OCR assessments.

A private candidate is someone who pursues a course of study independently but takes an examination or assessment at an approved examination centre. A private candidate may be a part-time student, someone taking a distance learning course, or someone being tutored privately. They must be based in the UK.

Private candidates need to contact OCR approved centres to establish whether they are prepared to host them as a private candidate. The centre may charge for this facility and OCR recommends that the arrangement is made early in the course.

Further guidance for private candidates may be found on the OCR website: [http://www.ocr.org.uk](http://www.ocr.org.uk)
4d. Results and certificates

Grade Scale

GCSE (9–1) qualifications are graded on the scale: 9–1, where 9 is the highest. Learners who fail to reach the minimum standard of 1 will be Unclassified (U). Only subjects in which grades 9 to 1 are attained will be recorded on certificates.

Results

Results are released to centres and learners for information and to allow any queries to be resolved before certificates are issued.

Centres will have access to the following results information for each learner:

- the grade for the qualification
- the raw mark for each component
- the total weighted mark for the qualification.

The following supporting information will be available:

- raw mark grade boundaries for each component
- weighted mark grade boundaries for each entry option.

Until certificates are issued, results are deemed to be provisional and may be subject to amendment.

A learner’s final results will be recorded on an OCR certificate. The qualification title will be shown on the certificate as ‘OCR Level 1/Level 2 GCSE (9–1) in Latin’.

4e. Post-results services

A number of post-results services are available:

- **Enquiries about results** — If you are not happy with the outcome of a learner’s results, centres may submit an enquiry about results.

- **Missing and incomplete results** — This service should be used if an individual subject result for a learner is missing, or the learner has been omitted entirely from the results supplied.

- **Access to scripts** — Centres can request access to marked scripts.

4f. Malpractice

Any breach of the regulations for the conduct of examinations and non-exam assessment may constitute malpractice (which includes maladministration) and must be reported to OCR as soon as it is detected. Detailed information on malpractice can be found in the JCQ publication *Suspected Malpractice in Examinations and Assessments: Policies and Procedures*.

5c. Accessibility

Reasonable adjustments and access arrangements allow learners with special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do, without changing the demands of the assessment. Applications for these should be made before the examination series. Detailed information about eligibility for access arrangements can be found in the JCQ Access Arrangements and Reasonable Adjustments.

The GCSE (9–1) qualification and subject criteria have been reviewed in order to identify any feature which could disadvantage learners who share a protected Characteristic as defined by the Equality Act 2010. All reasonable steps have been taken to minimise any such disadvantage.
