1b. Why choose an OCR AS Level in Latin?

OCR's AS Level in Latin has been designed to help learners develop their understanding of the Latin language and the related ancient literature, values and society.

We have designed this qualification with teachers and learners in mind, having consulted extensively across the United Kingdom. In light of the feedback we have received, we have made minor amendments to the structure of the AS Level and have increased optionality. This allows learners the option to have a

choice in the prose and verse set texts they study. The specification also lists the interesting and engaging set texts which will be assessed for the first six years of the specification to give teachers certainty from the outset about what texts will be studied in the future.

We want to ensure that OCR's AS Level in Latin engages learners, develops a desire within them to continue learning Latin and helps develop a lifelong enthusiasm for the Classical world.

Aims and learning outcomes

OCR's AS Level in Latin will enable learners to:

- develop an appropriate level of competence in the language studied
- acquire the language skills which enable learners to read literary texts, both prose and verse, in the original language
- develop an interest in, and enthusiasm for, the literary, historical and cultural features of the ancient world
- acquire the literary skills which enable learners to read ancient literature, both prose and verse, in its original language with appropriate attention to literary techniques, styles and genres
- apply analytical and evaluative skills at an appropriate level which show direct engagement with original texts in the ancient language
- make an informed personal response to the material studied
- begin to develop a sensitive and analytical approach to language generally
- AS Level specifications must also encourage students to develop research and analytical skills that will empower them to become independent learners.

1

1c. What are the key features of this specification?

The key features of OCR's AS Level in Latin for you and your learners are:

- a choice of set texts to study, giving the opportunity to create an appropriate and engaging course for learners
- to be inspired, motivated and challenged by reading widely across a range of set texts
- to gain a deeper understanding of the life and culture of the ancient world through the literature studied
- the encouragement to develop and apply critical analytical skills, which will help learners in their future study
- the opportunity to develop linguistic skills which will help both in the study and application of English and other languages
- this specification is co-teachable with OCR's A Level in Latin qualification.

2 The specification overview

2a. OCR's AS Level in Latin (H043)

Learners must take **both** component 01 and 02 to be awarded the OCR AS Level in Latin.

Content Overview	Assessment Overview	
Learners build their knowledge of vocabulary and linguistic structures through reading and studying prose texts in Latin to become familiar with the vocabulary in the Defined Vocabulary List and prescribed syntax and accidence.	Language (01) 80 marks 1 hour 30 minutes Written paper	50% of total AS Level
Learners study in depth one prose set text and one verse set text. Learners should have an awareness of the immediate literary context from which the set texts have been taken.	Literature (02) 80 marks 2 hours Written paper	50% of total AS Level

Both components include synoptic assessment.

2b. Content of AS Level in Latin (H043)

2 The OCR AS Level in Latin will build on the knowledge, understanding and skills specified for GCSE, although prior attainment of a GCSE qualification in Latin is not a requirement. It will introduce learners to a greater range of vocabulary, accidence and syntax than is studied at GCSE, as well as requiring the in-depth study of prose and verse Literature.

The OCR AS Level in Latin will require learners to understand and apply their knowledge of the words and regular compounds of the words which are listed in the Defined Vocabulary List (DVL). This is found on the OCR website (www.ocr.org.uk). Learners will be expected to know and understand the application of syntax and accidence listed in this specification.

The OCR AS Level in Latin will extend the study of ancient literature in breadth and depth, further developing learners' ability to critically analyse and evaluate ancient literature. The OCR AS Level in Latin requires learners to study **one** prose set text and **one** verse set text. Learners are required to understand and appreciate the literary context for the set texts by reading an appropriate supporting selection of ancient literature in translation.

The set texts will change **every two years**. This specification lists the set texts to be studied for the first six years of assessment of the specification.

The set texts will be reviewed after three years and may be subject to change. Each set text will remain on the list for the lifetime of the qualification, unless the review process identifies a necessary change. If a text is to be removed from the list and replaced with another text, centres will be notified a year in advance.

2c. Content of Language (H043/01)

This component is designed to enable learners to demonstrate their linguistic competence in Latin. Learners should extend their knowledge beyond that of GCSE level through continued linguistic study and reading a variety of Latin passages.

Any words which do not appear on the Defined Vocabulary List will be glossed on the question paper.

Learners should be able to:	Learners will be required to:

Where a passage is printed on a question paper it will be taken from the Bloomsbury text listed in Appendix 5c with such modifications as seem appropriate to the examiners.

2d. Prior knowledge, learning and progression

The specification builds on the knowledge, understanding and skills specified for GCSE (9–1) Latin, however, prior attainment of a GCSE qualification in Latin is not required.

2

Learners who are beginning an AS Level course are likely to have followed a Key Stage 4 programme of study. This course will enable learners to progress to A Level courses or directly into employment.

AS Level in Latin provides progression to A Level Latin. A Level examinations build on the content studied for the two AS Level components, meaning that this qualification is co-teachable with OCR's A Level Latin specification.

At the same time, this AS Level in Latin also offers a worthwhile course of study for learners who do not wish to progress further in the subject. The key skills required and developed by the specification provide opportunities for progression directly into employment.

3 Assessment of AS Level in Latin

3a. Forms of assessment

OCR's AS Level in Latin consists of **two** externally assessed components.

Language (Component 01)

Language is an externally assessed, written examination testing AO1. It is worth 80 marks, which is 50% of the total marks for the AS Level.

There are **two** sections to this component.

In **Section A**, learners will translate an unseen passage of Latin prose into English. This section is worth 55 marks.

In **Section B**, learners will **either** answer comprehension questions on a passage of unseen Latin prose **or** translate five English sentences into Latin. This section is worth 25 marks.

Literature (Component 02)

Literature is an externally assessed, written examination testing AO2 and AO3. It is worth 80 marks, which is 50% of the total marks for the AS Level.

There are **two** sections to this component. Learners answer one question from both sections.

In **Section A**, learners will answer questions to show their knowledge and understanding of the Latin prose set text they have studied. Section A is worth 40 marks.

In **Section B**, learners will answer questions to show their knowledge and understanding of the Latin verse set text they have studied. Section B is worth 40 marks.

In both sections, learners will have to translate a passage of the set text into English, answer comprehension questions, and answer two questions which focus on the analysis of literary techniques, characterisation, argument and literary meaning. Learners will also be required to write an extended response, which draws upon material from the set text.

3b. Assessment objectives (AO)

There are three Assessment Objectives in OCR AS Level in Latin. These are detailed in the table below.

Learners are expected to:

	Assessment Objective
AO1	Demonstrate knowledge and understanding of the language.
AO2	Demonstrate knowledge and understanding of literature.
AO3	Critically analyse, evaluate and respond to literature.

AO weightings in AS Level in Latin

The relationship between the assessment objectives and the components are shown in the following table:

Component	% of OCR AS Level in Latin (H043)		
	AO1	AO2	AO3
Language	50%	0%	0%
Literature	0%	25%	25%
Total	50%	25%	25%

3c. Assessment availability

There will be one examination series available each year in May / June to **all** learners.

This specification will be certificated from the June 2017 examination series onwards.

All examined components must be taken in the same examination series at the end of the course.

3d. Retaking the qualification

Learners can retake the qualification as many times as they wish. They retake all components of the qualification.

3e. Assessment of extended response

The assessment materials for this qualification provide learners with the opportunity to demonstrate their ability to construct and develop a sustained and

coherent line of reasoning and marks for extended responses are integrated into the marking criteria.

3f. Synoptic assessment

Synoptic assessment targets the learners' understanding of the connections between different elements of the subject. It involves the explicit drawing together of knowledge, skills and understanding within different parts of the AS level course.

Synoptic assessment encourages the understanding of Latin as a discipline and requires learners to demonstrate understanding of the links between language and literature in their classical contexts.

3g. Calculating qualification results

A learner's overall qualification grade for AS Level in Latin will be calculated by adding together their marks from the two components taken to give their total weighted mark. This mark will then be compared

to the qualification level grade boundaries for the relevant exam series to determine the learner's overall qualification grade.

4 Admin: what you need to know

The information in this section is designed to give an overview of the processes involved in administering this qualification so that you can speak to your exams officer. All of the following processes require you to submit something to OCR by a specific deadline.

More information about the processes and deadlines involved at each stage of the assessment cycle can be found in the Administration area of the OCR website.

OCR's *Admin overview* is available on the OCR website at: <http://www.ocr.org.uk/administration>

4a. Pre-assessment

Estimated entries

Estimated entries are your best projection of the number of learners who will be entered for a qualification in a particular series.

Estimated entries should be submitted to OCR by the specified deadline. They are free and do not commit your centre in any way.

Final entries

Final entries provide OCR with detailed data for each learner, showing each assessment to be taken. It is essential that you use the correct entry code, considering the relevant entry rules.

Final entries must be submitted to OCR by the published deadlines or late entry fees will apply.

All learners taking AS Level in Latin must be entered for H043.

Entry code	Title	Component code	Component title	Assessment type
H043	Latin	01	Language	External Assessment
		02	Literature	External Assessment

4b. Special consideration

Special consideration is a post-assessment adjustment to marks or grades to reflect temporary injury, illness or other indisposition at the time the assessment was taken.

Detailed information about eligibility for special consideration can be found in the *JCQ* publication *A guide to the special consideration process*.

4c. External assessment arrangements

Regulations governing examination arrangements are contained in the JCQ *Instructions for conducting examinations*.

Head of Centre Annual Declaration

The Head of Centre is required to provide a declaration to the JCQ as part of the annual NCN update, conducted in the autumn term, to confirm that the centre is meeting all of the requirements detailed in the specification.

Any failure by a centre to provide the Head of Centre Annual Declaration will result in your centre status being suspended and could lead to the withdrawal of our approval for you to operate as a centre.

Private candidates

Private candidates may enter for OCR assessments.

A private candidate is someone who pursues a course of study independently but takes an examination or assessment at an approved examination centre. A private candidate may be a part-time student, someone taking a distance learning course, or someone being tutored privately. They must be based in the UK.

Private candidates need to contact OCR approved centres to establish whether they are prepared to host them as a private candidate. The centre may charge for this facility and OCR recommends that the arrangement is made early in the course.

Further guidance for private candidates may be found on the OCR website: <http://www.ocr.org.uk>

4d. Results and certificates

Grade Scale

AS Level qualifications are graded on the scale: A, B, C, D, E, where A is the highest. Learners who fail to reach the minimum standard for E will be Unclassified (U).

Only subjects in which grades A to E are attained will be recorded on certificates.

Results

Results are released to centres and learners for information and to allow any queries to be resolved before certificates are issued.

Centres will have access to the following results information for each learner:

- the grade for the qualification
- the raw mark for each component
- the total weighted mark for the qualification.

The following supporting information will be available:

- raw mark grade boundaries for each component
- weighted mark grade boundaries for the qualification.

Until certificates are issued, results are deemed to be provisional and may be subject to amendment.

A learner's final results will be recorded on an OCR certificate. The qualification title will be shown on the certificate as 'OCR Level 3 Advanced Subsidiary GCE in Latin'.

4e. Post-results services

A number of post-results services are available:

- **Enquiries about results** – If you are not happy with the outcome of a learner's results, centres may submit an enquiry about results.
- **Missing and incomplete results** – This service should be used if an individual subject result for a learner is missing, or the learner has been omitted entirely from the results supplied.
- **Access to scripts** – Centres can request access to marked scripts.

4f. Malpractice

Any breach of the regulations for the conduct of examinations and non-exam assessment may constitute malpractice (which includes maladministration) and must be reported to OCR

as soon as it is detected. Detailed information on malpractice can be found in the JCQ publication *Suspected Malpractice in Examinations and Assessments: Policies and Procedures*.

5 Appendices

5a. Overlap with other qualifications

There is no overlap with any other qualifications.

5b. Accessibility

Reasonable adjustments and access arrangements allow learners with special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do, without changing the demands of the assessment. Applications for these should be made before the examination series. Detailed information about eligibility for access arrangements can be found in the JCQ *Access Arrangements and Reasonable Adjustments*.

The AS Level qualification and subject criteria have been reviewed in order to identify any feature which could disadvantage learners who share a protected Characteristic as defined by the Equality Act 2010. All reasonable steps have been taken to minimise any such disadvantage.

5c. Text List

Except where a particular edition is prescribed, centres are free to use any complete edition of the prescribed text as they choose.

Where a passage is printed on the question paper it will be taken from the Bloomsbury text with such modifications as seem appropriate to the examiners.

The set texts for examination in **2017** and **2018** can be found in these editions from Bloomsbury:
