How do I create an ePortfolio?

Tools:

Mahara is a free portfolio publishing tool hosted by the university. You have complete control as to who you share your content with - https://myportfolio.warwick.ac.uk/

WordPress & Blogger are easy platforms to create an independent blog, used by beginners and professional alike - https://wordpress.com/ https://www.blogger.com/

Tumblr & Pinterest are good platforms to create an online gallery - https://www.tumblr.com/ https://www.pinterest.co.uk/
