Tuesday 24 November 2009  
9:30am – 4pm  
Teaching Grid (Floor 2, Library)  
University of Warwick

Since 1981 AIDS has killed more than 25 million people worldwide. The SHAW 09 Witness Seminar will feature some of the most prominent names in HIV/AIDS research and activism in the past three decades. Involved first-hand in the struggle over the representation of HIV/AIDS, they will talk about their experiences and memories, and debate their views. Their accounts will be recorded for future research purposes. Witness the witnesses and hear their stories.
