

Vote Of Confidence to The Central Council

Of Trade Union Of IRAN.
We the undersigned, Labourers, and workers members of
The Youths Organisations, attached to The Central Council Of
Trade Union Of Iran, by this means express our confidence to the
Central Council Of Trade Union Of IRAN, which is the only
true Organisation of The IRANIAN Workers, and the responsible
Secretary Reza Roosta, the experienced leader, who has shown
himself well enough. In the meantime express our severe dislike
with regard to all the intrigues caused by the Governments
Sindicats, and the attached paid up men, who are working
against The Central Council Of Trade Union Of Iran, and its
leaders.

We the young Labourers, and workers, by this means express
our loyalty, and faithfulness towards The Central Council Of
Trade Union Of Iran, which is our real Organisation, this
attitude is confirmed, and we are ready to defend same even by
sacrificial of our lives, and we back our leaders loyally.
We consider the forged Governmental Sindicats as being
a Fascist, which has been formed by the force, and the banner
of the Military. And that by the Economical force, and pressure
and by discharging ~~them~~ from work, by imprisonment, by torture
has caused persons to enrol in their Organisation.
We consider all the actions of Governments Sindicats
as being a funny plot, and ridiculous. They state that their
action is to the benefit of the Labourers, and workers, of which
we ignore, and state there is no need for our antagonists, and
enemies to pity in our regard.
We are loyal, and as stated have confidence to The Central
Council of Iran. The Mentioned Council is our true, and real
Organisation, and we do not need any Governmental Sindicats,
and we leave, and present same to the ruling party.

Signed By One-Hundred Young Labourers.
