Global Sustainable Development (GSD) Undergraduate live chat

An opportunity for you to speak to our tutors and current students about studying Undergraduate Global Sustainable Development and life at Warwick.

Welcome everyone! My name is Lucia, I am a final year Sociology and Global Sustainable Development student. Today I will be the GSD student Ambassador. Feel free to ask me any questions about my student experience, whether that is related to the course or to university life. Nice to meet you all! 😊 Please feel free to introduce yourself when you join. We are looking forward to meeting you! 😊

Hi everyone! I'm Romain the GSD Admissions Director, look forward to speaking with you and answering your questions on our courses, admissions criteria, or anything else really!

Welcome everyone! It's great to have you here with us today. I'm Jess and I'm a Recruitment and Communications Officer in the School for Cross-faculty Studies. This live chat is a space for you to ask us any questions you may have about studying Global Sustainable Development (GSD) at Warwick - no question is too small!

GSD: Meet our team

https://youtu.be/Q1eYn1dKDe0

Welcome Everyone! I'm Bodrun Nahar the Employability and Placements Manager for GSD. Looking forward to answering any questions you may have in relation to employability. This can be around work placements, employers or your future career.

> Welcome everyone! It's great to have you here with us today. I'm Jess and I'm a Recruitment and Communications Officer in the School for Cross-faculty Studies. This live chat is a space for you to ask us any questions you may have about studying Global Sustainable Development (GSD) at Warwick - no question is too small!

Please feel free to introduce yourselves, and in the meantime we'll play a short video featuring
some of our team in the GSD Department

Welcome

Hi everyone, I am Ali. I've received an offer for Sociology and GSD. A question for the student ambassador in particular: as you are in your final year, have you been exploring career options? If so, what industries have you been interested in? Thanks :i_love_you_hand_sign:

Hello, my name is Cara. It's great to meet you all. I was wondering If you all find/found GSD at Warwick a Fun/Fulfilling Course? especially in relation to future employment.

Hi there im Olly, I've received an offer to study GSD. How many hours of lectures and teaching do we have per week?

Hi. When studying gsd, if we need help with our independent work, is it possible to book an additional session with the teacher? Thank you

> Hi everyone, I am Ali. I've received an offer for Sociology and GSD. A question for the student ambassador in particular: as you are in your final year, have you been exploring career options? If so, what industries have you been interested in? Thanks :i_love_you_hand_sign:

Hi Ali! Lovely to meet you. I have been exploring career option is geopolitics and international relations. I am thinking of doing a masters on this topic or global policy. I also like the idea of starting off working in an NGO to gain experience, but politics is my main interest at the moment :)

What kind of jobs are you all looking at doing after gsd?

Our graduates

hi, I am mora. i have received an offer for psychology and GSD. Would you recommend going abroad in third year or part of second year?

> Hi there im Olly, I've received an offer to study GSD. How many hours of lectures and teaching do we have per week?

Hi Olly, congrats! It's usually about 10-12 hours a week across lectures and seminars depending on the modules you do, plus reading time of course ;)

> What kind of jobs are you all looking at doing after gsd?

Hi Regina, thank you for your question! I've popped a slide on the screen which gives a sample of what some of our graduates are up to in terms of employment and further studies, hopefully this is helpful!

Hi everyone, I'm India. I have an offer for GSD. I was wondering if it is possible for us to participate in both study abroad options within our course (the semester abroad and year abroad) or whether we have to choose one option..

Hi everyone, I'm Ava. I'm curious in knowing more about the years placement in Monash and the benefit it offers ontop of the exisiting course structure?

Thanks, Lucia. NGOs have been a big interest of mine so it's nice to know that the student ambassador would like to take a similar path.

> Hi. When studying gsd, if we need help with our independent work, is it possible to book an additional session with the teacher? Thank you

Of course. Not only with the module convenor, but also with your own personal tutor and then even with a Director of Student Experience. I taught 4 modules this year and had individual discussions with probably over a hundred students by now..

Hi, I am Saanvi. I've received an offer to study Politics, IR and GSD. I really wanna know about the intercalated programme at Warwick and its benefits.

Hi everyone, I am Eddie. For the intercalated year abroad, where can students go? thanks

I can see we have some questions about studying abroad coming in - we'll play a short video about the integrated study abroad option whilst we answer your questions 😊

hey everyone, i'm robert from london! i was just wondering how many people study GSD per year on average?

GSD: Unique Study Abroad Programme

https://youtu.be/lWOa6EvzmKo

Hi all, I'm Archie and I also have an offer for GSD. Are there any major drawbacks to doing an integrated year at Monash University that students have noticed? Thanks

> Hello, my name is Cara. It's great to meet you all. I was wondering If you all find/found GSD at Warwick a Fun/Fulfilling Course? especially in relation to future employment.

I completely agree that it is fun and fulfilling. The working style is much more active than other courses (group work, different assessments, creative submissions, etc.), and this variety really helps to develop a special interest on specific areas because you can design your assessments on what you are most interested in. It is also very fulfilling because of what we study, literally to fix the problems of the world! By using case studies and discussing possible solutions, as well as engaging in extracurricular activities, it does feel like studying GSD is already making a difference

> Thanks, Lucia. NGOs have been a big interest of mine so it's nice to know that the student ambassador would like to take a similar path.

As an ex-NGO professional I can attest that this is a big focus on our course, including a new module on Aid and NGOs starting next year :)

Hi Im Melis and I've received an offer for GSD and Business. I have a question on employment. How does Warwick help us in finding a job or deciding where we want to steer our career?

> What kind of jobs are you all looking at doing after gsd?

As I mentioned before, I am mostly interested in politics, public policy and NGOs, but there is a very wide range of options

> hey everyone, i'm robert from london! i was just wondering how many people study GSD per year on average?

Hi Robert, we accept about 130 students per year across all of our degrees. We try and keep the totals to this size to maintain a community feel to our department.

> Hi everyone, I am Ali. I've received an offer for Sociology and GSD. A question for the student ambassador in particular: as you are in your final year, have you been exploring career options? If so, what industries have you been interested in? Thanks :i_love_you_hand_sign:

Hi Ali, I just wanted to add that during your studies, you will also have the option to explore careers through work placements to support you in making an informed decision about your future career.

Hello,
This is Hrishita I've received an offer for GSD and business studies. how many hours of workload can I expect for myself on a weekly basis?

> Hi everyone, I am Eddie. For the intercalated year abroad, where can students go? thanks

Hi Eddie, thank you for your question. For the intercalated year abroad the specific options are confirmed annually (and offerings may change each year), although you can get an idea of some of the partner universities on this page: https://warwick.ac.uk/services/studentopportunity/studentmobility/studyabroad/partnerinstitutions/

> **Our partner institutions**
>
> Student Mobility, Student Opportunity, University of Warwick, CV4 8UW Contact

Study abroad

That sounds really exciting, Romain - can't wait. Slightly less on topic than GSD but I have enjoyed theatre at my school and would like to continue this at uni - is there much theatre at Warwick. Thanks :i_love_you_hand_sign:

> Hello,
> This is Hrishita I've received an offer for GSD and business studies. how many hours of workload can I expect for myself on a weekly basis?

Hi! UK degrees are structured to be equivalent to a full-time role, so about 35-40 hours a week in term-time. It will vary of course, but that's a good benchmark

Hi everyone! My name is Yasmin and I have received an offer for GSD and business studies. Is the ratio between these two studies 50-50? Also, how do career opportunities differ for students taking business studies and GSD rather than just GSD?

> That sounds really exciting, Romain - can't wait. Slightly less on topic than GSD but I have enjoyed theatre at my school and would like to continue this at uni - is there much theatre at Warwick. Thanks :i_love_you_hand_sign:

Hi Ali, we have the Warwick Arts Centre right on campus so yes there is a lot - of course then there's also the RSC not far away in Stratford-upon-Avon, and Birmingham is a half hour away on the train... I was a theatre usher in my student days and approve of this question greatly :D

> hi, I am mora. i have received an offer for psychology and GSD. Would you recommend going abroad in third year or part of second year?

Hi Mora, congratulations on your offer! On the screen now you should be able to see that we've put up a slide that shows the differences between the two study abroad options. In terms of which option we'd recommend, we'd advise that it's really up to you and what you'd like to get out of the experience! There are benefits to both, and one of the main considerations is whether you would like to study abroad as part of your degree (and complete your degree in three years), or whether you'd like to study abroad for a whole year (and complete your degree in four years)

Hello, I'm India. I received an offer for Politics, International Relations and GSD. My question is slightly off topic, but I was wondering how you, Lucia, feel about being at a Campus University rather than City. Anything you particularly enjoy about Warwick, or something that you don't? I was also wondering, if you think there is enough time during breaks to have an internship at an NGO? All the best:)

> Hello, my name is Cara. It's great to meet you all. I was wondering If you all find/found GSD at Warwick a Fun/Fulfilling Course? especially in relation to future employment.

Hi Cara, lovely to meet you. I wanted to add that the GSD degree really does make sure that you're taught in a way that develops your employability skills as well as making sure the modules are all relative to what's happening in the world. This supports in helping to make a decision about your future career.

> That sounds really exciting, Romain - can't wait. Slightly less on topic than GSD but I have enjoyed theatre at my school and would like to continue this at uni - is there much theatre at Warwick. Thanks :i_love_you_hand_sign:

Can I ask though, have you looked into the GSD and Theatre Joint Honours? Or, if you want to keep it extracurricular, there's lots going on including societies as well

> Hi Im Melis and I've received an offer for GSD and Business. I have a question on employment. How does Warwick help us in finding a job or deciding where we want to steer our career?

There is a lot of support from the staff to help not only find what you are mostly interested about, but how to get there. Bodrun, our placement officer is very helpful with this, finding placements and masters as well as applying to them. There are also certificates that help prepare for the workplace, like the professional communication certificate, or sustainability consultancy https://warwick.ac.uk/fac/arts/schoolforcross-facultystudies/gsd/currentstudents/undergraduates/certificates . Also, because we cover so many topics in the seminars,

we sometimes stumble across new careers and topics we didn't know about, and the wide range of societies also help develop experience for future jobs
https://www.warwicksu.com/societies-sports/societies/

> **Certificates - Global Sustainable Development**
>
> The Global Sustainable Development and Liberal Arts degrees are unique in offering students the opportunity, as part of their course, to develop skills which have been identified by employers as being vital for success in the workplace and to have those skills formally recognised through the award of certificates of achievement. All of our students are strongly encouraged to take advantage of the chance to obtain these certificates; attainment of which is noted on their HEAR (Higher Education Achievement Report) which can be shown to potential employers as proof of possession of relevant professional skills. This means that our graduates have the edge over other candidates seeking employment.

> **Societies**
>

> Hi everyone, I'm India. I have an offer for GSD. I was wondering if it is possible for us to participate in both study abroad options within our course (the semester abroad and year abroad) or whether we have to choose one option..

Hi India, congratulations on your offer! It is technically possible for you to do both, but our advice is that you discuss this as soon as possible with the GSD Study Abroad Coordinator when you arrive at Warwick. We will need to discuss with you whether studying abroad during part of your second year and for your third year is the right option for you. This decision should not be taken lightly and it's important that you speak to us when you start at Warwick to ensure that you understand the complexities of undertaking both study abroad programmes. Hope this helps!

> Hi everyone! My name is Yasmin and I have received an offer for GSD and business studies. Is the ratio between these two studies 50-50? Also, how do career opportunities differ for students taking business studies and GSD rather than just GSD?

Hi Yasmin, Bodrun can add on the career question but yes it's 50-50 across all of our joint degrees.

Thank you for the answers, exited about the idea of helping the world! The course is marketed as an interdisciplinary opportunity, as a computer science student I was interested if it would be possible to integrate skills such as coding into our own projects?

> That sounds really exciting, Romain - can't wait. Slightly less on topic than GSD but I have enjoyed theatre at my school and would like to continue this at uni - is there much theatre at Warwick. Thanks :i_love_you_hand_sign:

We also have the newly reformed Arts Centre with plays happening almost every week. Also many theatre societies you can join. I am in the Public Speaking Society and can say it is the best decision I've ever made!
https://www.warwicksu.com/societies-sports/societies/

> **Societies**
>
> Warwick Students' Union - creating a better experience for students at Warwick.
>
>

Sweet! Cheers, Romain. I think so far I intend to keep it extracurricular but will look into that joint honours program, seems interesting. I'll take a look at that link now, Lucia, cheers! :i_love_you_hand_sign:

If we go abroad for 2 terms in the second year will we then join our own class for year 3 or will we join the year below?

Hi again, thank you for your previous answer, super helpful! I was also wondering if there is a platform or forum where we can connect with other students that have received offers?

That would be great

> What kind of jobs are you all looking at doing after gsd?

Hi Regina! I wanted to add that from my experience in supporting GSD students, I must say the students have a very wide variety of careers they want to pursue. This is mainly because GSD really does prepare you not only for a career in sustainability but other areas. This is largely due to how it is taught and the different assessments we give you.

> Hi Im Melis and I've received an offer for GSD and Business. I have a question on employment. How does Warwick help us in finding a job or deciding where we want to steer our career?

Thank you for your question Melis and congrats on your offer! We'll play a short video about work placement opportunities in the GSD Department - hope this is helpful

GSD: Undergraduate Work Placements

https://youtu.be/LGYp2MIWGlc

> Hi all, I’m Archie and I also have an offer for GSD. Are there any major drawbacks to doing an integrated year at Monash University that students have noticed? Thanks

Hi Archie, it will vary - most students have a great time but you'd want to study a bit harder than on the intercalated option (simply because the study abroad counts for your final degree on the integrated one).

Lucia you mentioned you are in the public speaking society. I would like to further my public speaking skills, do you think its a good opportunity to practice or is the structure more similar to a debate team?

Hi, I am Grace. I've received an offer for GSD. This is also less about the GSD course but I was wondering what effect the intercalated study abroad year has on playing in a sports team or being a part of a society when you return?

> Hello, I'm India. I received an offer for Politics, International Relations and GSD. My question is slightly off topic, but I was wondering how you, Lucia, feel about being at a Campus University rather than City. Anything you particularly enjoy about Warwick, or something that you don't? I was also wondering, if you think there is enough time during breaks to have an internship at an NGO? All the best:)

Hi India! I really love campus life! It's like a little bubble with such a varied and fun society! Everything and everyone is nearby and there are many activities going on onsite. If you like city life, second and third year you might want to live in Leamington Spa, about 40 mins bus ride from campus. Many students go there for social events too so it still has a young student atmosphere. Coventry is closer but fewer people go there.

> Hi, I am Saanvi. I've received an offer to study Politics, IR and GSD. I really wanna know about the intercalated programme at Warwick and its benefits.

Hi Saanvi, hope your questions have been answered a bit more after the resources we put up. If you have a specific question, please do feel free to ask

> Hi again, thank you for your previous answer, super helpful! I was also wondering if there is a platform or forum where we can connect with other students that have received offers?

Hi India, thank you for your question about connecting with other offer holders. We haven't set up an official GSD Offer Holders group at the moment, however, this is certainly something we can look into. In the past we have set up a Facebook group for offer holders, but if you (and other offer holders) have a preference for a different platform just give us a shout and we can consider setting this up

hi, i'm eddie. Are there going to be any new modules ? thanks

> Sweet! Cheers, Romain. I think so far I intend to keep it extracurricular but will look into that joint honours program, seems interesting. I'll take a look at that link now, Lucia, cheers! :i_love_you_hand_sign:

Np. Either way, we have theatre students in GSD too and there's always something going on

> If we go abroad for 2 terms in the second year will we then join our own class for year 3 or will we join the year below?

Hi Regina, if you do the intercalated then your year abroad doesn't 'count' toward your degree. But if it's integrated it does and you move on to the subsequent year

> Hello, I'm India. I received an offer for Politics, International Relations and GSD. My question is slightly off topic, but I was wondering how you, Lucia, feel about being at a Campus University rather than City. Anything you particularly enjoy about Warwick, or something that you don't? I was also wondering, if you think there is enough time during breaks to have an internship at an NGO? All the best:)

Re. Volunteering and NGOs, absolutely. There is Warwick Volunteering https://warwick.ac.uk/about/community/volunteers/ you can join, that way you ensure it is structured around your studies and it's not taking up too much time. There are also many societies related to NGOs like UNICEF https://www.warwicksu.com/societies-sports/societies/

> **Warwick Volunteers**
>
> Warwick Volunteers

> **Societies**
>
> Warwick Students' Union - creating a better experience for students at Warwick.

> Thank you for the answers, exited about the idea of helping the world! The course is marketed as an interdisciplinary opportunity, as a computer science student I was interested if it would be possible to integrate skills such as coding into our own projects?

Hi Cara, we do some geo-mapping and quantitative work across our modules, and our sister department Liberal Arts is also developing some courses on digital humanities. Overall, there will be some opportunities and I'd love to see an app, game, or the like as a piece of coursework on one of my modules. Alas, none yet!

> Hi everyone, I'm Ava. I'm curious in knowing more about the years placement in Monash and the benefit it offers ontop of the exisiting course structure?

Hi Ava! Thank you for your question. In relation to employability, the Monash option gives you the additional opportunity to explore another country/culture therefore supporting in developing your international experience (amongst others) which is very valued by employers.

Hi I am Deborah and I've received an offer for economics and GSD. I just wanted to say that I would love to have a group chat!

> Hi again, thank you for your previous answer, super helpful! I was also wondering if there is a platform or forum where we can connect with other students that have received offers?

I would recommend finding something on Facebook, even if it's not GSD specific. offer holder group chats were very useful to feel more integrated in the first week :)

thanks, that sounds like there's a slot for some fun coding opportunities!

> Hi, I am Grace. I've received an offer for GSD. This is also less about the GSD course but I was wondering what effect the intercalated study abroad year has on playing in a sports team or being a part of a society when you return?

Hi Grace, tough question! It will of course depend on how you maintain these social connections and also, if you do sports, if you keep it up when abroad. All sports and other societies should be inclusive so I don't imagine there'd be any issues, you'd just have new people alongside some familiar faces :)

Hi, I'm Aastha and I am an offer holder for Economics and GSD. What are the future job prospects of this course? How does Warwick help international students get placements with it provided that getting a work visa in UK is difficult?

> thanks, that sounds like there's a slot for some fun coding opportunities!

there are, obviously it's not a CS degree but there's tons going on across the uni as well

> Lucia you mentioned you are in the public speaking society. I would like to further my public speaking skills, do you think its a good opportunity to practice or is the structure more similar to a debate team?

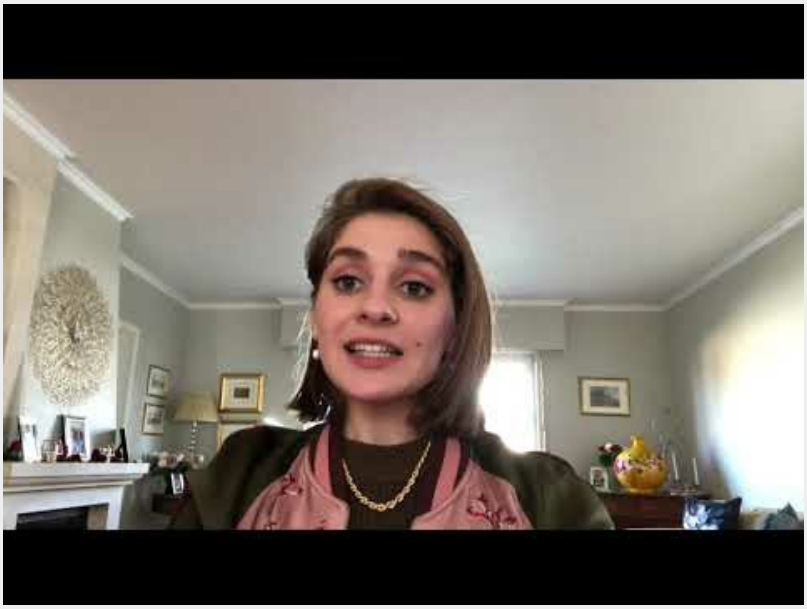
It is not a debating society. It teaches skills like confidence, body language, vocal variety, etc. and has a mentorship scheme to practise weekly in a smaller group. In my first year I was SO shy! And thanks to this society I now feel more confident speaking in public, so definitely recommend!

> hi, i'm eddie. Are there going to be any new modules ? thanks

Hi Eddie, indeed. I'm running three new modules next year, and there's another one in the department too. Any suggestions? :D

Hi I wanted to ask if there are any more science based modules in the GSD course? For example, looking at the science behind Global Warming.

GSD Core Module: Environmental Principles of Global Sustainable Development



Environmental Principles module video

https://youtu.be/MnU1eywHTNE

With some questions about modules, we'll play a few videos about modules in the GSD Department by our student ambassadors

> Hi Im Melis and I've received an offer for GSD and Business. I have a question on employment. How does Warwick help us in finding a job or deciding where we want to steer our career?

Hi Melis! Lucia has pretty much covered this but I wanted to add, in addition to my support we also have a central careers team which supports the whole University. They have large career events which you can attend to help you network with employers and learn more about different careers. You will be supported throughout your studies and there will be many options. It will be up to you to pursue this support and I encourage it very much :)

> Hi I wanted to ask if there are any more science based modules in the GSD course? For example, looking at the science behind Global Warming.

Hi Deborah, there are indeed. It's never fully scientific or fully not, as we approach the course across disciplines. But, as we have a Life Sciences joint honours, there is a strong biology component to some of our degrees. We just wheel out our resident biologist for those :D (especially on the environmental modules)

Ok thank you that sounds perfect!

Hi, I was wondering whether anyone knew about rowing at Warwick? I intend to continue my rowing too.

Great to see all the international flags in here by the way :D

thanks Romain. I am very excited by the surviving the apocalypse module, however i was also wondering if there were any modules surrounding energy security? thanks

> Hi, I was wondering whether anyone knew about rowing at Warwick? I intend to continue my rowing too.

Think we have a few rowers in GSD! There is certainly a society :)

> hi, i'm eddie. Are there going to be any new modules ? thanks

Hi Eddie, you can see some of the new modules we're introducing on this page ('Aid, Sustainable Development and International NGOs', 'Gender and the Sustainable Development Agenda', 'Migration and Sustainable Development: Global Trajectories and Representations'): https://warwick.ac.uk/fac/arts/schoolforcross-facultystudies/gsd/currentstudents/undergraduates/modules/

> **Modules - GSD - University of Warwick**
>
> Undergraduate core and optional modules available in the Global Sustainable Development Department at the University of Warwick.

> thanks Romain. I am very excited by the surviving the apocalypse module, however i was also wondering if there were any modules surrounding energy security? thanks

Cool that's a good one - been teaching it for a few years and it's never short of current material with everything going on in the world! I see Lucia adding about the Energy stuff :)

> thanks Romain. I am very excited by the surviving the apocalypse module, however i was also wondering if there were any modules surrounding energy security? thanks

There is the Energy Trilemma and Managing Natural Resources. You can view all the modules here https://warwick.ac.uk/fac/arts/schoolforcross-facultystudies/gsd/currentstudents/undergraduates/modules

> **Modules - GSD - University of Warwick**
>
> Undergraduate core and optional modules available in the Global Sustainable Development Department at the University of Warwick.

> Hi everyone! My name is Yasmin and I have received an offer for GSD and business studies. Is the ratio between these two studies 50-50? Also, how do career opportunities differ for students taking business studies and GSD rather than just GSD?

Hi Yasmin an thank you for your question! Almost all careers that are available to single honours GSD students are also open to the joint degrees. Employers are not only interested in the subject but also on the employability skills (communication, teamwork etc) you have developed throughout your degree which we at GSD make sure you do develop.

If we've missed any of your questions please feel free to post them again! In the meantime, here's a video about sustainability at Warwick more generally, featuring our Head of School

University of Warwick - The Way to Sustainable

The Way to Sustainable

https://youtu.be/aIxS0oFrIss

> Lucia you mentioned you are in the public speaking society. I would like to further my public speaking skills, do you think its a good opportunity to practice or is the structure more similar to a debate team?

Hi Melis, I wanted to add that you will get opportunities to speak on a public platform as part of some of your modules or just events that take place. Definitely as part of your assessments you will be required to present to your academics/peers. All of this is put into place to support you in developing these key skills that are sought by employers.

> Hi, I was wondering whether anyone knew about rowing at Warwick? I intend to continue my rowing too.

Hi Ali, here's the link to the Rowing Club: https://www.warwicksu.com/societies-sports/sports-clubs/rowing/

> **Rowing**
>

is there a university swim team?

> If we've missed any of your questions please feel free to post them again! In the meantime, here's a video about sustainability at Warwick more generally, featuring our Head of School

We thought you might also be interested in hearing about the new Faculty of Arts Building, so we'll play a video featuring that now (the GSD Department isn't based in the new Faculty of Arts Building, however, you may have classes in there depending on where your modules are taught, and you'll be able to make use of the study spaces in this 'fab'ulous new building)

> is there a university swim team?

There is! My housemate this year is in the exec and it does sound like a very good team. There is development group (so to practise new techniques), and competitions, as well as regular swimming sessions. The Sports Centre has a MASSIVE swimming pool!

Discover the Faculty of Arts Building (FAB)

https://youtu.be/yyNQLr9oenk

wow sound amazing ill definitely have a look into it :)

> is there a university swim team?

https://warwick.ac.uk/services/sport/swimming/

> **Swimming pool in Coventry for everyone | Warwick Sport**
>
> Pool & sauna in Coventry at the University of Warwick campus, open to everyone. Many ways to swim including lane swimming, family fun swimming, courses & water fitness classes such as aqua aerobics. Join today with swimming membership.

is there a video of the GSD building?

> Hi, I'm Aastha and I am an offer holder for Economics and GSD. What are the future job prospects of this course? How does Warwick help international students get placements with it provided that getting a work visa in UK is difficult?

Hi Aastha and thank you for your question! All the work placements that we promote are available to all our students including international. If you decide to do the yearlong intercalated placement then you will need to extend your Visa to a four year degree. Do not worry, this is not an issue and we have many international students undertaking work placements. We also have a visa team to support/advise international students.

> is there a video of the GSD building?

Hi Mora, we don't at the moment however you should be able to visit the Ramphal Building (where we're based, on the third floor) via the University's 360 tour: https://warwick.ac.uk/study/undergraduate/virtualtour/

> **#WarwickOpen 360° Virtual Tour**
>
> Explore Warwick's campus in our 360° virtual tour. Watch videos from our student ambassadors and find out more about our beautiful campus.

We're coming up to the final ten minutes of this chat, please feel free to make use of our time right up until 11 am (UK time)!

If you haven't been able to visit us on campus, you should be able to watch the recording from our recent virtual Offer Holder Open Day (via your offer holder portal). Any issues accessing this recording, please drop me a message: Jess.Holt@Warwick.ac.uk

GSD students: Be the change you want to be

Thanks for all your questions everyone, hope you have a nice time keeping in touch and look forward to seeing you later this year if you decide to join us :)

Thank you all so much for your help!

this was really helpful, Thank you guys!

It's been great chatting to you all! I really look forward to supporting you when you join us and I wish you all the best.

Thank you everyone for joining us, we hope you've found this chat useful! If you have any further questions for us please don't hesitate to get in touch - either email me directly (Jess.Holt@warwick.ac.uk) or our department account (globalsustainabledev@warwick.ac.uk). For those of you based in the UK, we have an on-campus Offer Holder Open Day taking place on Wednesday 11 May 2022 - if you haven't visited us already, we'd love to see you there! Sign up for this via your Offer Holder Events Portal (you can find the link to this via emails from us)

Thank you!

thanks so much for this! :D

Thank you for the chat, everyone! Good luck with your exams and hope to see you around in September :)

> Thank you everyone for joining us, we hope you've found this chat useful! If you have any further questions for us please don't hesitate to get in touch - either email me directly (Jess.Holt@warwick.ac.uk) or our department account (globalsustainabledev@warwick.ac.uk). For those of you based in the UK, we have an on-campus Offer Holder Open Day taking place on Wednesday 11 May 2022 - if you haven't visited us already, we'd love to see you there! Sign up for this via your Offer Holder Events Portal (you can find the link to this via emails from us)

And check out our GSD Offer Holders page if you haven't done so already: https://warwick.ac.uk/fac/arts/schoolforcross-facultystudies/gsd/prospectivestudents/undergraduate/offerholders/

> **Offer Holders - GSD - University of Warwick**
>
> Congratulations on your offer and welcome to the Global Sustainable Development (GSD) Department. On this page, we've put together links and resources that we hope you'll find interesting and useful. You'll also have the opportunity to contact members of staff and current students. We look forward to hearing from you and seeing you in Welcome Week!
