	Professional Communication	Carbon Literacy	
	Carbon Literacy		
ECONOMIC STUDIES MODULES 50%	Economics 1	Economics 2	Development Economics: Macroeconomics
	------- **CHOOSE ONE PATHWAY** -------		Development Economics: Microeconomics
	• Statistical Techniques A **OR** • Statistical Techniques B Quantitative Analysis	• Applied Econometrics **OR** • Econometrics 1	A choice of optional final-year module(s) offered by the Economics Department
	A choice of optional first-year modules offered by the Economics Department		

BASc **EDUCATION STUDIES** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

YEAR ONE

YEAR TWO

FINAL YEAR

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

YEAR ONE
- Economic Principles of GSD
- Social Principles of GSD
- Environmental Principles of GSD
- GSD Project

YEAR TWO
- Health and Sustainable Development **OR**
- Security, Sovereignty and Sustainability in the Global Food System **OR**
- Inequalities and Sustainable Development: Inclusion and Dignity for All

Optional module(s) with a global sustainable development focus

FINAL YEAR
- Dissertation/Long Project
- Any approved module(s) with a global sustainable focus, including from other departments across the University

PROFESSIONAL DEVELOPMENT CERTIFICATES

YEAR ONE
- Digital Literacy
- Sustainability Consultancy (Auditing)
- Professional Communication
- Carbon Literacy

YEAR TWO
- Coaching Practice
- Professional Communication
- Carbon Literacy

FINAL YEAR
- Carbon Literacy

EDUCATION STUDIES MODULES 50%

YEAR ONE
- Education Today
- International Education
- Social Contexts of Childhood and Education
- Theories of Learning

YEAR TWO

CHOOSE TWO:
- Globalisation and Education
- Policies and Politics of the English Education System
- Professional Identity and Skills: Work-Based Placement

AND Approved module(s) with an Education Studies focus, from across the University

FINAL YEAR

Any approved modules with an Education Studies focus, including from departments across the University

BASc GLOBAL SUSTAINABLE DEVELOPMENT AND BUSINESS STUDIES

	YEAR ONE	YEAR TWO	FINAL YEAR
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD Social Principles of GSD Environmental Principles of GSD GSD Project	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All Optional module(s) with a global sustainable development focus	Dissertation/Long Project Any approved module(s) with a global sustainable focus, including from other departments across the University
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy Sustainability Consultancy (Auditing) Professional Communication Carbon Literacy	Coaching Practice Professional Communication Carbon Literacy	Carbon Literacy
BUSINESS STUDIES MODULES 50%	A choice of optional first-year modules offered by Warwick Business School. Examples include: • Economics for Business • Business Statistics • Business Analytics • Foundations of Finance • Foundations of Accounting • Management, Organisation and Society	A choice of optional second-year modules offered by Warwick Business School. Examples include: • Economics of Strategy • Accounting in Context • Changing Organisations • Foundations of Human Sociality and Cooperation • Understanding Employment Relations	A choice of optional final-year modules offered by Warwick Business School. Examples include: • Managerial Economics • Consumer Behaviour • Managing Human Resources • Marketing Communications • International Business Strategy • Managing Strategy in the Digital Era

	YEAR ONE	YEAR TWO	FINAL YEAR
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD Social Principles of GSD Environmental Principles of GSD GSD Project	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All Optional module(s) with a global sustainable development focus	Dissertation/Long Project Any approved module(s) with a global sustainable focus, including from other departments across the University
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy Sustainability Consultancy (Auditing) Professional Communication Carbon Literacy	Coaching Practice Professional Communication Carbon Literacy	Carbon Literacy
HISPANIC STUDIES MODULES 50%	• Modern Spanish Language **OR** • Modern Spanish Language for Beginners • Language, Text and Identity in the Hispanic World **OR** • Images and Representations of the Hispanic World	Modern Spanish Language II **OR** Modern Spanish Language II (Post-beginners) A choice of optional cultural module(s) offered by the Hispanic Studies Department	Modern Spanish Language III A choice of optional cultural module(s) offered by the Hispanic Studies Department

BASc **HISTORY** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

	YEAR ONE	**YEAR TWO**	**FINAL YEAR**
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All	Dissertation/Long Project
	Social Principles of GSD		
	Environmental Principles of GSD		Any approved module(s) with a global sustainable focus, including from other departments across the University
	GSD Project	Optional module(s) with a global sustainable development focus	
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy	Coaching Practice	Carbon Literacy
	Sustainability Consultancy (Auditing)	Professional Communication	
	Professional Communication	Carbon Literacy	
	Carbon Literacy		
HISTORY MODULES 50%	Making of the Modern World	A choice of second-year optional modules offered by the History Department, one of which must be an Early Modern History option	A choice of optional final-year modules offered by the History Department
	A choice of first-year optional modules offered by the History Department		

BASc **LIFE SCIENCES** AND **GLOBAL SUSTAINABLE DEVELOPMENT:** BIOLOGICAL SCIENCES ROUTE

YEAR ONE

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Economic Principles of GSD
- Social Principles of GSD
- Environmental Principles of GSD
- GSD Project

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Digital Literacy
- Sustainability Consultancy (Auditing)
- Professional Communication
- Carbon Literacy

LIFE SCIENCES MODULES 50%

- Molecules, Cells and Organisms
- Quantitative Skills for Biology
- Tutorial Programme
- Animal and Plant Biology **OR**
- Environmental Biology **OR**
- Agents of Infectious Diseases

YEAR TWO

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Health and Sustainable Development **OR**
- Security, Sovereignty and Sustainability in the Global Food System **OR**
- Inequalities and Sustainable Development: Inclusion and Dignity for All

- Optional module(s) with a global sustainable development focus

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Coaching Practice
- Professional Communication
- Carbon Literacy

LIFE SCIENCES MODULES 50%

- Molecular Cell Biology
- Genetics and Genomics
- Neurobiology
- Immunology
- Microbial Pathogens **OR**
- Protein Structure and Function **OR**
- Neuropharmacology

FINAL YEAR

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Dissertation/Long Project

- Any approved module(s) with a global sustainable focus, including from other departments across the University

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Carbon Literacy

LIFE SCIENCES MODULES 50%

- Research Project **OR**
- Exploiting Innovations in Biology **AND** Bioenergy and Biorefining

And two Life Sciences modules from a defined list, which includes:
- Science Communication
- Synthetic Biology
- One World Health and Neglected Tropical Diseases
- Integrative Neuroscience
- Modern Approaches to Disease

BASc **LIFE SCIENCES** AND **GLOBAL SUSTAINABLE DEVELOPMENT:** ECOLOGY ROUTE

YEAR ONE

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Economic Principles of GSD
- Social Principles of GSD
- Environmental Principles of GSD
- GSD Project

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Digital Literacy
- Sustainability Consultancy (Auditing)
- Professional Communication
- Carbon Literacy

LIFE SCIENCES MODULES 50%

- Molecules, Cells and Organisms
- Quantitative Skills for Biology
- Tutorial Programme
- Animal and Plant Biology **OR**
- Environmental Biology **OR**
- Agents of Infectious Diseases

YEAR TWO

GLOBAL SUSTAINABLE DEVELOPMENT MODULES

- Health and Sustainable Development **OR**
- Security, Sovereignty and Sustainability in the Global Food System **OR**
- Inequalities and Sustainable Development: Inclusion and Dignity for All

Optional module(s) with a global sustainable development focus

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Coaching Practice
- Professional Communication
- Carbon Literacy

LIFE SCIENCES MODULES

- Ecological Principles and Processes
- Ecology and its Applications
- Biological Oceanography **OR**
- Plant Molecular Development
- Evolution **OR**
- Epidemiology and Public Health

FINAL YEAR

GLOBAL SUSTAINABLE DEVELOPMENT MODULES

Dissertation/Long Project

Any approved module(s) with a global sustainable focus, including from other departments across the University

PROFESSIONAL DEVELOPMENT CERTIFICATES

Carbon Literacy

LIFE SCIENCES MODULES

- Research Project **OR**
- environmental Science and Management **AND** Extreme Environmental Biology

And two Life Sciences modules from a defined list, which includes:
- Exploiting Innovations in Biology
- Science Communication
- Biological Clocks
- Principles of Development

BASc PHILOSOPHY AND GLOBAL SUSTAINABLE DEVELOPMENT

YEAR ONE

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Economic Principles of GSD
- Social Principles of GSD
- Environmental Principles of GSD
- GSD Project

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Digital Literacy
- Sustainability Consultancy (Auditing)
- Professional Communication
- Carbon Literacy

PHILOSOPHY MODULES 50%

- Introduction to Philosophy Without Logic

A choice of first-year optional modules offered by the Philosophy Department. Examples include:
- Reason, Argument and Analysis
- Introduction to Ancient Philosophy

YEAR TWO

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

- Health and Sustainable Development **OR**
- Security, Sovereignty and Sustainability in the Global Food System **OR**
- Inequalities and Sustainable Development: Inclusion and Dignity for All

Optional module(s) with a global sustainable development focus

PROFESSIONAL DEVELOPMENT CERTIFICATES

- Coaching Practice
- Professional Communication
- Carbon Literacy

PHILOSOPHY MODULES 50%

A choice of optional second-year modules offered by the Philosophy Department

FINAL YEAR

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%

Dissertation/Long Project

Any approved module(s) with a global sustainable focus, including from other departments across the University

PROFESSIONAL DEVELOPMENT CERTIFICATES

Carbon Literacy

PHILOSOPHY MODULES 50%

A choice of optional final-year modules offered by the Philosophy Department

BASc **POLITICS, INTERNATIONAL STUDIES** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

	YEAR ONE	**YEAR TWO**	**FINAL YEAR**
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All	Dissertation/Long Project
	Social Principles of GSD		
	Environmental Principles of GSD		
	GSD Project	Optional module(s) with a global sustainable development focus	Any approved module(s) with a global sustainable focus, including from other departments across the University
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy	Coaching Practice	Carbon Literacy
	Sustainability Consultancy (Auditing)	Professional Communication	
	Professional Communication	Carbon Literacy	
	Carbon Literacy		
POLITICS AND INTERNATIONAL STUDIES MODULES 50%	Introduction to Politics	Political Theory from Hobbes: Seeking Freedom and Equality	Issues in Political Theory
	World Politics	A choice of optional second-year modules offered by the Politics and International Studies Department	A choice of optional final-year modules offered by the Politics and International Studies Department

BASc **PSYCHOLOGY** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All	Dissertation/Long Project
	Social Principles of GSD		
	Environmental Principles of GSD		Any approved module(s) with a global sustainable focus, including from other departments across the University
	GSD Project	Optional module(s) with a global sustainable development focus	
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy	Coaching Practice	Carbon Literacy
	Sustainability Consultancy (Auditing)	Professional Communication	
	Professional Communication	Carbon Literacy	
	Carbon Literacy		

CHOOSE TWO:

PSYCHOLOGY MODULES 50%	Brain and Behaviour	A choice of optional core second-year modules offered by the Psychology Department. Examples include: • Language and Cognition • Perception, Planning and Action • Developmental Psychology • Psychobiology • Social Psychology	A choice of optional final-year modules offered by the Psychology Department
	Psychology in Context		
	Psychology in the Real World		

BASc **SOCIOLOGY** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

	YEAR ONE	YEAR TWO	FINAL YEAR
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All	Dissertation/Long Project
	Social Principles of GSD		
	Environmental Principles of GSD	Optional module(s) with a global sustainable development focus	Any approved module(s) with a global sustainable focus, including from other departments across the University
	GSD Project		
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy	Coaching Practice	Carbon Literacy
	Sustainability Consultancy (Auditing)	Professional Communication	
	Professional Communication	Carbon Literacy	
	Carbon Literacy		
SOCIOLOGY MODULES 50%	Introduction to Social Analytics in Social Inequalities Research	• Modern Social Theory **OR** • Practice and Interpretation of Quantitative Research	A choice of optional final-year modules offered by the Sociology Department
	History of Sociological Thought	Designing and Conducting Social Research	
	Researching Society and Culture	A choice of optional second-year modules offered by the Sociology Department	
	Class and Capitalism in the Neoliberal World		

BASc **THEATRE AND PERFORMANCE STUDIES** AND **GLOBAL SUSTAINABLE DEVELOPMENT**

	YEAR ONE	**YEAR TWO**	**FINAL YEAR**
GLOBAL SUSTAINABLE DEVELOPMENT MODULES 50%	Economic Principles of GSD	• Health and Sustainable Development **OR** • Security, Sovereignty and Sustainability in the Global Food System **OR** • Inequalities and Sustainable Development: Inclusion and Dignity for All	Dissertation/Long Project
	Social Principles of GSD		
	Environmental Principles of GSD		Any approved module(s) with a global sustainable focus, including from other departments across the University
	GSD Project	Optional module(s) with a global sustainable development focus	
PROFESSIONAL DEVELOPMENT CERTIFICATES	Digital Literacy	Coaching Practice	Carbon Literacy
	Sustainability Consultancy (Auditing)	Professional Communication	
	Professional Communication	Carbon Literacy	
	Carbon Literacy		
THEATRE AND PERFORMANCE STUDIES MODULES 50%	Theatre and Performance in Context	A choice of optional second-year modules offered by the Theatre and Performance Studies Department	A choice of optional final-year modules offered by the Theatre and Performance Studies Department
	From Text to Performance
