   e. Comparative American Studies
   f. Politics and International Studies
   g. Sociology
   h. School of Law
   i. Warwick Business School
   j. Institute for Advanced Teaching and Learning
Choosing your Module

In your third year, you must take 30 CATS (credits) of modules with the Liberal Arts department and 90 CATS from across the university departments.

This guide lists the modules available in the Liberal Arts pathway departments, as well as information on modules available in other departments. Your choices will be led by your pathway choice.

You can find a full list of all the university’s modules at http://www2.warwick.ac.uk/services/arodar/quality/modules/ but please note that not all modules listed will necessarily run in 2018/19.

You may take honours level modules, which begin with the two letters of the department and the number ‘2’ or ‘3’, e.g. IP201, IP301 etc.

Please note that some departments separate their second and third year modules, while others will allow you to take any honours level module, no matter which year you are in. Remember to check the policy of the department you are interested in studying with.

For academic advice on choosing your modules, contact your Personal Tutor.

For administrative advice, contact Susanna Pinkney on S.M.Pinkney@warwick.ac.uk.

Pathway Pre-requisites
Some pathways require students to have studied first and second year modules with that department before they can study third year modules with the department.

This applies to:
- Classics
- Economics
- English
- Film & Television Studies
- Global Sustainable Development
- History
- Languages
- Life Sciences
- Philosophy
- Theatre and Performance Studies

Timetable Considerations
The final teaching timetable will not be released until September and all timetable information is subject to change. Therefore timetable information in this guide should be used as guidance only.
To check timetables for modules for 18/19, go to your timetable in Tabula, select ‘Show all timetables’ at the top right, then the ‘Module’ drop down menu. Search for a module and you will be able to see all teaching activities for that module for the year.

**Registering your Module**
Each department has a slightly different process for registering onto their modules. Guidance is provided in the guide as to the departments’ processes.

Once the department has approved you to take the module, you must register all your modules online via eMR (eVision Module Registration).

eMR will open on **24 September 2018**. You will not be able to register your modules until you have re-enrolled.

You can access eMR at [www.warwick.ac.uk/evision](http://www.warwick.ac.uk/evision)

There is a user guide at [http://www2.warwick.ac.uk/services/academicoffice/examinations/emr/helppage/](http://www2.warwick.ac.uk/services/academicoffice/examinations/emr/helppage/)

**Deadline**
Your module registration on eMR must be completed by Friday Week 3 of Term 1.

**Seminar Registration**
After you have registered your modules, some departments also require you to register for a seminar group. Again, departments do this differently and for the best guidance you are advised to contact the department direct.

All information in this guide is subject to change and is to be used for guidance only. For the most up to date information, always check with the department.
# LIBERAL ARTS OPTIONAL MODULES

Registering with the department
Complete the [online form](#) by **14 May 2018**.

## Modules

### IP204 The Apocalyptic Imaginary
- **CATS**: 15

                | Seminar Presentation (50%) |

Registering with the department
Complete the [Online Form](#).

Optional Modules
A full list of optional modules with the Theatre & Performance Studies department can be found on the [departmental website](#).
Students may take 30 CATS of module(s).

Language modules are available for the following languages:

- Arabic
- Chinese
- French
- German
- Italian (*via the Italian department*)
- Japanese
- Portuguese
- Russian
- Spanish

Options range from complete beginners level to more advanced levels in most languages. There are also accelerated courses to allow you to learn a language more quickly, available if you can show knowledge of another language. A guide to academic levels is at [http://www2.warwick.ac.uk/fac/arts/languagecentre/academic/levels/](http://www2.warwick.ac.uk/fac/arts/languagecentre/academic/levels/)

Lower level language modules are available as 30 CATS options, while the higher level modules are available as 15 CAT options.

Assessment includes ongoing assessments throughout the year and a final exam.

**Registration for academic modules has to be made in person.** There are several steps to enrolling on an academic module:

1. Decide which language to study, then using the language descriptions and level indicators, decide the most appropriate course.

2. Visit the Language Centre in the Humanities building in the first week of term to:
   
   a. Meet a tutor for a short, informal assessment of your language level and be assigned to a class. You are advised to bring your timetable.

   b. Complete the Language Centre’s online registration form and ensure you have declared any prior study.

If you are taking the module for credit as part of your degree studies, you must register the module on your eMR (online module registration).
OTHER DEPARTMENTS

If you choose to take a specialist pathway rather than a disciplinary pathway, you may take your optional modules from any department across the university, provided that there is space on the module and the department approve your application to take it.

There is a full list of all modules at http://www2.warwick.ac.uk/services/aro/dar/quality/modules/, but note that not all modules will run in 2018/19.

History of Art

Full list of modules.

Registering with the department: Complete an Option Request Form, available from the office (F51, Millburn House).

Psychology

Full list of modules.

Registering with the department: The Psychology department does not have a pre-registration process. Simply register for modules on eMR when the system opens in Term 1 Week 1.
