

SLICE summary of participant objectives

ROLE, interests, problem-solving, quests (for “other ways”)

Networking:

- time in the diary to think through/talk to others
- tap into the skills and interests of others
- enhance links between departments, central provision & work experience

Information:

- find out what else is going on in other departments
- explicitness of skills/professional expertise/disciplinarity
- avoid working in isolation
- wider sense of practice/direction at Warwick

Problem-solving:

- creativity, joined up thinking
- reviewing courses/modules & teaching methods
- working on problems as a team

Practical application:

- taking these ideas forward
- practical test bed for new course design approaches
- trying out, coaching others
- managing change
