

The Complexity Annual Retreat: 3 minute talk schedule

Every PhD student is required to do a talk at the Annual Retreat. This should be 3 minutes long, and we will be strict with timing. You will each then have 2 minutes if there are any pressing questions from the audience. There will be a 5 minute comfort break after each block of four talks for further discussions. Please also make use of meal times and evenings to have further chats with speakers you found interesting. We will film the talks of those who have indicated they would like to be, and distribute these files to you after the retreat.

If you would like to enter the university's Three Minute Thesis competition, then your talk must not contain any visual aids, props, poems, raps, or songs. However if you do wish to use slides there will be a projector available. Please see the full rules for the Three Minute Thesis competition here:
