Welcome to Leamington Peace Festival 2011!

"In a town that has no carnival, the Peace Festival is indisputably the biggest event in the town every summer. Its success has been all the more notable given its anti-commercial ethos, and the fact it costs nothing to visit.

The best this recession can do for us is take us on a path away from blinkered money and status-driven aspirations and towards more deeply rewarding pursuits; this is what the Peace Festival stands for, and why we need it more than ever."

Leamington Peace Festival

"Someone once said a long time ago: walking into the Pump Room Gardens during the Festival is like walking through a bead curtain into a better world. Long may that continue."

Performing at the festival

To be considered as a performer for next year's festival, you will need to send your demo to PO Box 1686, Leamington, CV31 1WS by 31st January 2012. We listen to EVERY demo sent in before this date and select the performers from those available. We aim to provide a mix of musical styles, and also support local bands. However, we do operate a policy of not booking the same band two years running

Running a Workshop / Stall in 2012

We ask that anyone interested should contact us by January 2012. Priority for stalls is given to local organisations and voluntary groups.

The festival finances itself. To make enough money to cover our costs we have to charge the stallholders a small fee in return for a stall - this then funds next year's festival. All performers play for limited expenses or for free.

Watch MTA International on SKY Digital Channel 787

The founder of the Ahmadiyya Muslim Community, Hazrat Mirza Ghulam Ahmad, the Promised Messiah & Imam Mahdi, has said;

“Be kind and merciful to humanity, for all are His creatures. Do not oppress them with your tongue, your hands, or in any other way. Always work for the good of mankind. Never unduly assert yourself with pride over others, even those who are placed under you. Never use abusive language for anyone, even if he abuses you. Be humble in spirit, kind, gentle, and forgiving, sympathetic towards all, and wish them well, so that you may be accepted.... If you are big, have mercy on those who are small and not contempt. If you are wise and well-versed in learning, serve the ignorant with words of wisdom. Never desire to bring disgrace on their lack of knowledge by trying to show off your own learning. If you are rich, instead of treating them with self-centred, disdainful pride, you should serve the poor”.
