

Dear Andy,

I would like to support your application for a place on the HPC Short Courses (see [http://www2.warwick.ac.uk/fac/cross\\_fac/hpc-sc/courses/academy/programme/](http://www2.warwick.ac.uk/fac/cross_fac/hpc-sc/courses/academy/programme/)).

This will lay an excellent foundation for your PhD in High Performance Computing which you are due to begin at Warwick in October.

The Department will meet your costs for this course and I would encourage you to pass on my details to the organisers so that we can arrange payment with them directly.

Best regards,

Stephen
