High Performance Computing Short Courses Consortium

**Ref. Autumn Academy for High Performance Computing
September 5-17, 2011 in Cambridge**

To whom it may concern,

I am writing to confirm my support for Charles Whitford to attend the autumn academy for high performance computing. Charles is a PhD research student funded by an EPSRC project (EPH0520461). Attendance of this course will help his research activities and improve his background in programming. I am happy to cover Charles' course fees and other expenses.

Yours faithfully,

Ahmed El-Sheikh, PhD
