

Dear EHN Members,

I hope this finds you well.

MASSIVE CONGRATULATIONS to EHN Member Dr Demet Intepe who just began a position as Climate and Resilience Officer at Practical Action. Her role will involve providing guidance to Practical Action on how their work can help adapt, mitigate and reduce loss and damage from climate impacts for the most vulnerable communities in the global south, ensuring their programmes build climate resilience from the bottom up!

Thank you for those of you who have engaged with the EHN feedback form, I am slowly going through the feedback and will integrate it by the next newsletter.

If you have not had a chance to provide any feedback yet, the form is still open [here](#).

Please see below new publications, forthcoming online talks and conferences as well as cfp, job and other opportunities.

Please feel free to email at any time if you wish to circulate any piece of news.
