Clinical Trials Unit wins Trial of the Year

The Society for Clinical Trials has named the PARAMEDIC Trial led by Warwick CTU as Trial of the Year 2014. The PARAMEDIC Trial evaluated use of the LUCAS-2 device during resuscitation attempts by UK ambulance services. It was the first independently-funded, large-scale trial of resuscitation by ambulance services in the UK.

New Brand Update

WARWICK
THE UNIVERSITY OF WARWICK

May 2015 saw the launch of the new University of Warwick brand. Over the summer we'll be implementing the brand across Warwick Medical School, including launching our website in the new brand style. Find out more about the [new brand](#) and the research behind it or view the University's [new home page](#).

Warwick University named University of the Year 2014/15

We're delighted to report that Warwick has

been named the Times' and Sunday Times' University of the Year 2014/15. We've also risen two places to eighth in the UK in the Good University Guide 2015 league table.

The newspapers gave their key reasons for choosing Warwick for the prestigious national title:

- "Warwick has been ever-present in our top 10 over the past two decades. A place to study here is highly prized."
- "The university will celebrate its 50th anniversary next year and in its first half century has established a formidable reputation on the national and international stage as a powerhouse of teaching excellence and business-focused research."
- "The university tops five of our specialist subject tables this year – only two fewer than Oxford."

Free Access to Online Journals for our Alumni

Over the years alumni have often requested access to online journals after graduation. Warwick alumni now have full text access to [thousands of academic journals](#) which we hope will assist with your lifelong learning.

MSc in Healthcare Operational Management

Developed by the University of Warwick's Institute of Digital Healthcare, WMG, in partnership with the Warwick Medical School, this part-time programme will provide a foundation for future health service management, with the essential knowledge to manage the integration of people, processes,

systems and technologies to ensure the delivery of consistent high quality person-centric care.

Dates for Your Diary

Warwick University 50th Anniversary

There's so much happening on campus over the course of our anniversary year, if you've been looking for a reason to visit but have been putting it off, this is your chance. There will be plenty of chances for alumni to catch up and to take a trip down memory lane, as well as learning how Warwick is imagining the future. There will be special alumni accommodation rates to stay on campus and we would love for you to join us. Alternatively many of the events will be filmed and you will be able to catch up with content online.

There are a variety of additional alumni activity planned to celebrate which is listed on the [central alumni webpage](#).

WMS in the News

Every week there are health and medical stories in the global media. As a high profile department at the University of Warwick many of our eminent thought leaders contribute to stories through expert comment and the publication of papers in world class journals then translate that research into real impact for health professionals and the public. The last few months have been a busy time for WMS:
