

One week. Real impact.

European Study Group with Industry 2027

5th - 9th July
at University of Warwick

Be part of the **200th ESGI**

Work with leading experts in maths, AI and data science to solve your real-world challenge.

- Tackle your challenge with top academics and PhD researchers
- Turn ideas into actionable research directions in just one week
- Gain access to expertise in modelling, statistics, AI and machine learning
- Open doors to future collaborations and funding opportunities

From idea to impact

- Pre-event scoping to refine your problem
- Intensive, collaborative ESGI workshop week
- Continued support to develop long-term projects

Your experience includes

- Fully immersive innovation experience
- Accommodation, meals and networking
- Access to the UK Innovation Research Associate network

Start your ESGI journey

- Partner with us on your next innovation challenge
- Book a scoping session to explore how ESGI can support your organisation
- Programme fee from £10,000
- Questions welcome: please email camacs@warwick.ac.uk
