

ARTHUR SHERCLIFF TRAVEL SCHOLARSHIPS

2019

The Arthur Shercliff Memorial Trust, established to promote technical visits abroad by undergraduate and postgraduate students, offers two Scholarships valued at £1,600.00 each, one to be awarded in each of the Engineering departments of Cambridge University and the University of Warwick.

As in recent years, applications are particularly encouraged for technical visits relating to any aspect of sustainable development, including energy and environmental impact. However, all high quality applications will be considered. Applications from student members of the Cambridge and Warwick Schools of Engineering, containing a one-page proposal for the technical visit, together with a sealed reference from an academic staff member, should be sent to the Head of the respective School by Friday 22nd February 2019. Please note that no late applications can be accepted.

It is expected that awards will be announced early March

February 2019
