

ICWES 18

18TH INTERNATIONAL CONFERENCE OF
WOMEN ENGINEERS AND SCIENTISTS

Call for International Abstracts General Information Guidelines

The University of Warwick and the International Network of Women Engineers and Scientists (INWES) have joined forces to host the 18th International Conference for Women Engineers and Scientists (ICWES18), to be held at The University of Warwick, Coventry, UK 11 – 14 September 2020.

ICWES attracts engineers and scientists from all over the world, providing a unique opportunity to exchange information on their work, careers and offers a plethora of opportunities to discuss innovative technologies in the 21st century across the engineering, science and technological professions, allowing unrivalled networking with colleagues in business, academia and government.

We anticipate attendance at ICWES18 by more than 500 women from around the world, including a number of distinguished scholars, policy-makers, and professionals from the UK.

ICWES18 will act as an international platform where global challenges will be seen as complex 'emergent systems' which require input from a variety of disciplines and stakeholders to promote proactive communication, diversity and considerable organisational and cultural changes.

Abstracts are now invited under the conference theme of **Global Humanitarian Challenges**

All submissions must be made in English via our [online portal](#).

You will first be asked to **register** with the following information:

- § Title
- § First Name
- § Last Name
- § Email address
- § Organisation, institution or affiliation
- § Address
- § Nationality
- § Biography (50 words or less)
- § Gender

Your **abstract submission** must include the following:

- § Lead Author Name
- § Lead Author Biography
- § Title of Presentation
- § Conference Topic ([See here for more information on topics](#))
 - Climate Change
 - Coming together; One Humanity, Share Responsibility
 - Education, Training and Ethics
