1D	Good overall design. Costs little bit off. Uses components readily available. Some sensors may need breaking in order to do the functions intended	7

1D	The Ideas are good. The Whole system seems work effective. But the price seems not that reasonable.	7

1D	Well presented, a fine flow. Need to consider the fact that the customer might have a pet at home, so sensors <del>are</del> will detect that too.	7
