

ANIMAL WELFARE & SYSTEMS CONSULTANTS

Miriam Parker

Director Livestockwise Ltd

Miriam is an Agricultural Scientist and spent her early years in practical livestock management. In 1987 she moved to the Humane Slaughter Association and, initiated a number of training and technology transfer projects, including the production of award winning video material. She has been awarded a Nuffield Farming Scholarship, a Waitangi Fellowship and the RSPCA/BSAS Award for Innovative Developments in Animal Welfare. In 2000 Miriam established Livestockwise who provide specialist advice and training in the areas of animal production, handling, transport and slaughter. She served as member the Farm Animal Welfare Council for 10 years and in 2006 was awarded an MBE for services to farming. She is currently on the board of Freedom Food and the Technical Advisory Committee for Assured British Meat.
