01/01/05	11:30	48.3	48.3	47.8	84	43.7	3.0	

Open the text file containing the exported weather data.

Edit the second line of the file. Add the column information from the first line, to the column information on the second line.

Once you have added the information from line 1 to line 2 delete line 1.
