THE UNIVERSITY OF
WARWICK

Aims & Objectives

- What is ReGroup?
- Origins & conception
- Aims
- What we did
- Feedback
- Moving forward

ReGroup

A student led initiative offering support and advice to fellow students during their resit exam period.

Origins & Conception

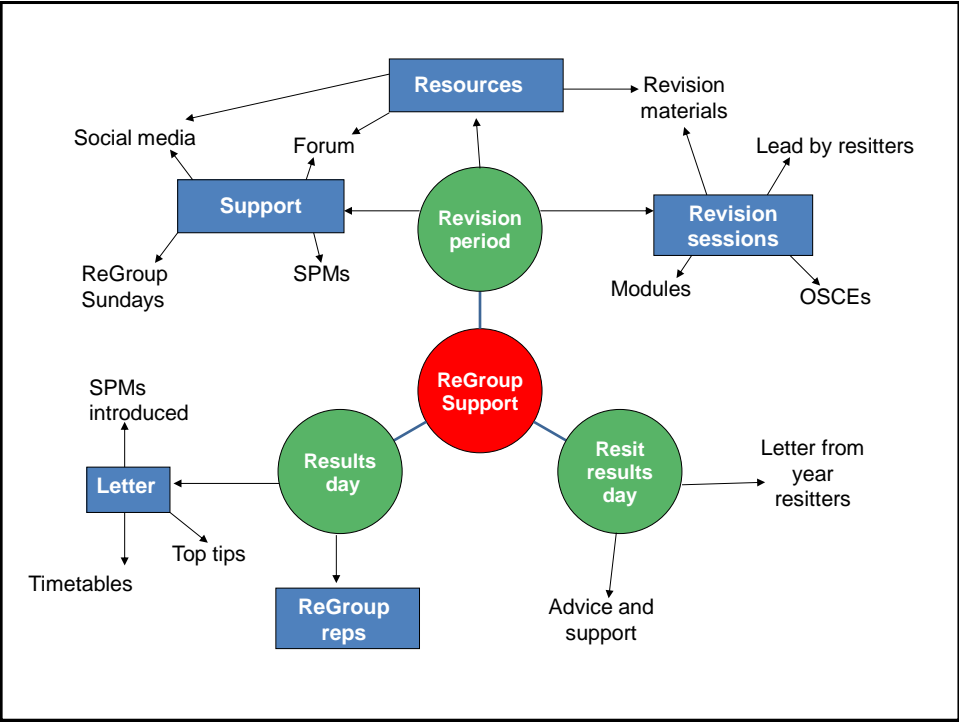

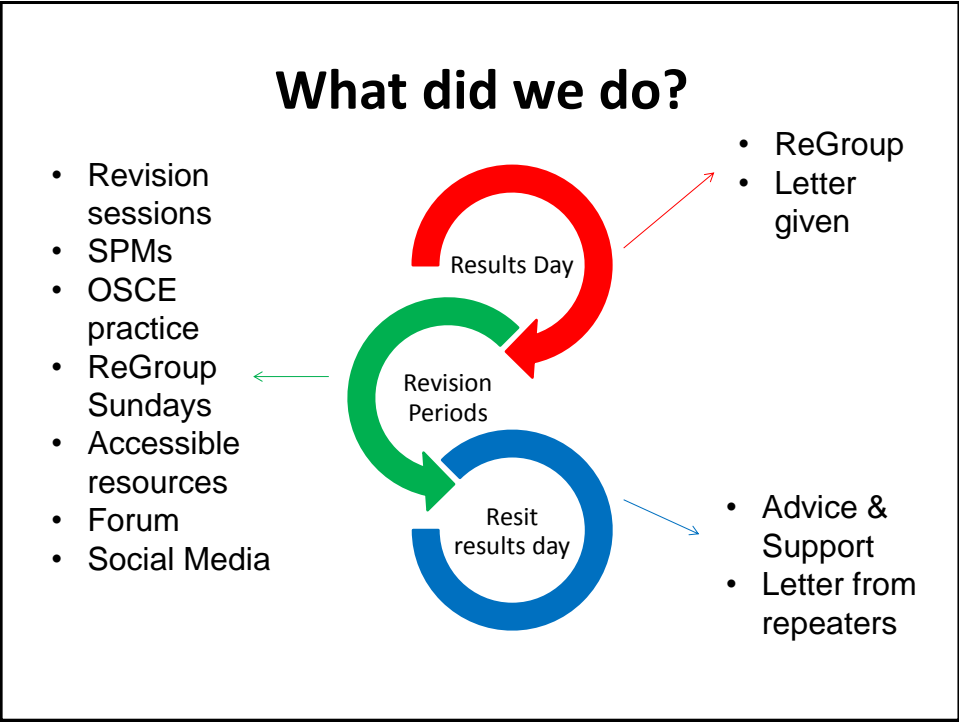

- Large group failed end of year 1 exam
- Sophie was mainstay of support
- More support could have been provided
- Resit period for pre-clinical final exam over Christmas
- Students felt isolated

Handover & Collaboration

- Issues highlighted to WMS
- Handover from Sophie
- Collaborative effort with the Medical School necessary

Aims

- Improve pastoral and educational support
- Provide guidance
- Highlight available support networks
- Improve communication

Date	Session	Events

30th June	OSCE & Social	
1st July	Cardiovascular System	
2nd July	Gastrointestinal System	OSCE
3rd July	Epidemiology/Psychology/Values	
4th July		
5th July		Written 1
6th July		
7th July	Social	
8th July		Written 2

Suggested revision timetable provided to students

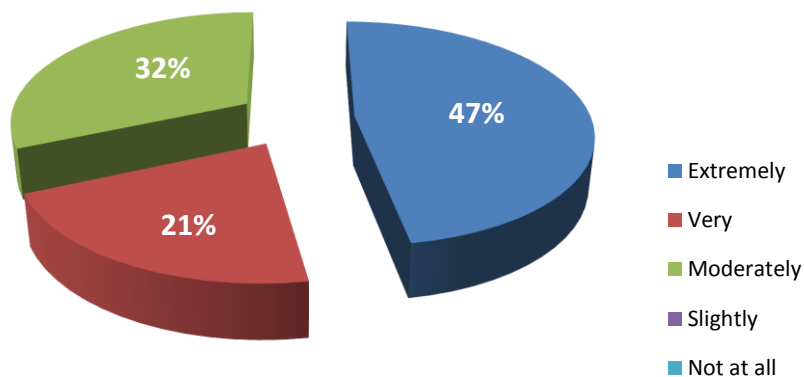

Feedback

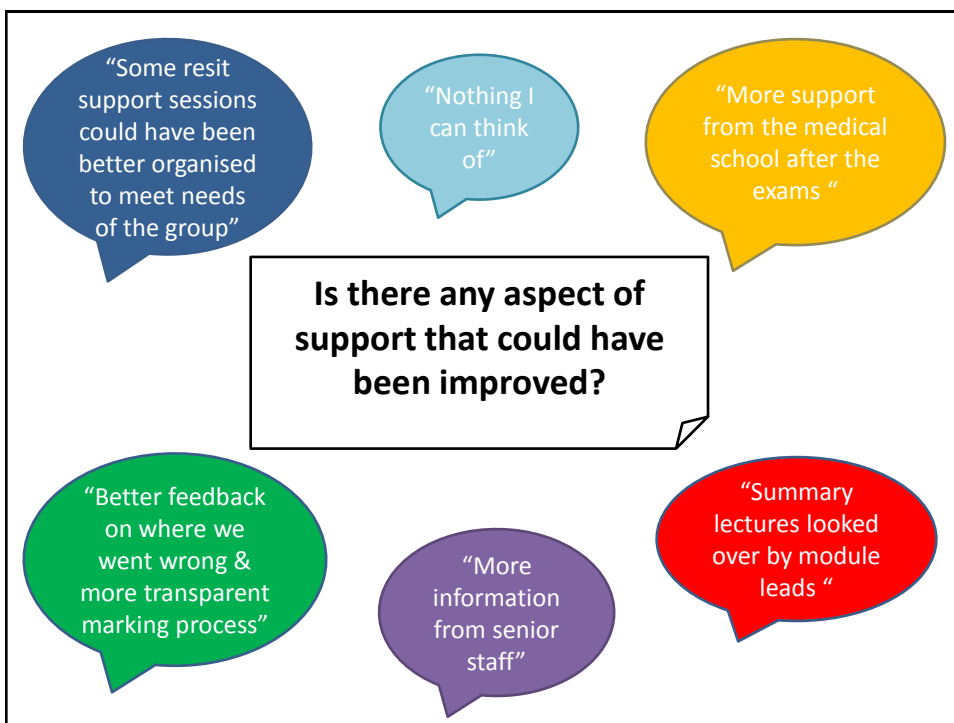

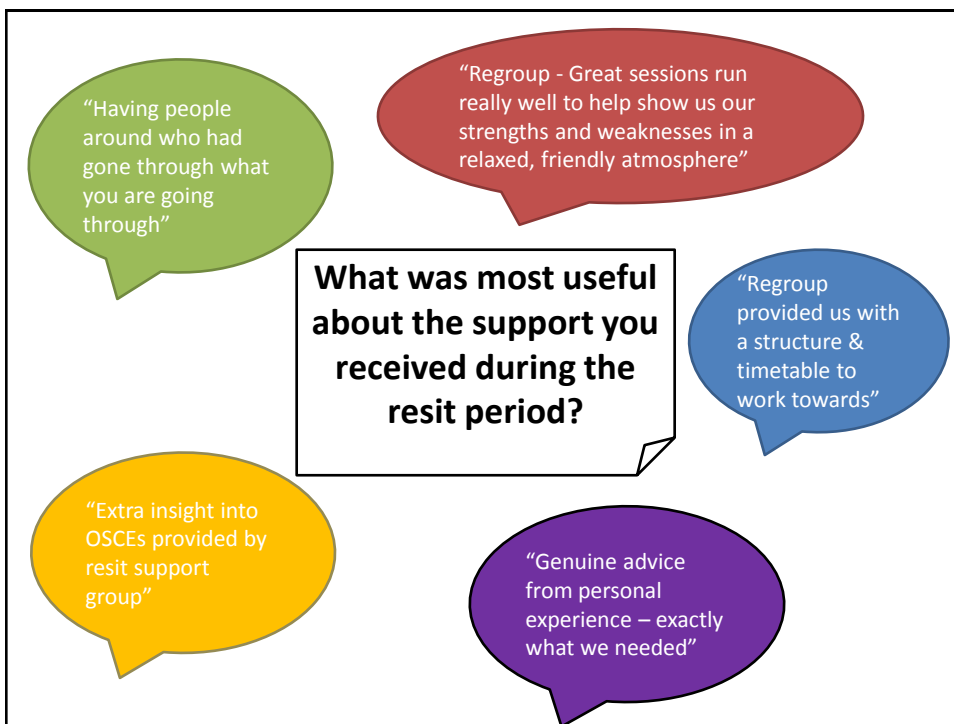

- Resitters asked to complete survey
- 71% Survey response (n=19)

Support from University

- 78% found semester 2 teaching moderately effective
- Opinions divided over support from personal tutors
- CEF revision sessions found variably useful
- Many not aware of central student support available (52.6%)

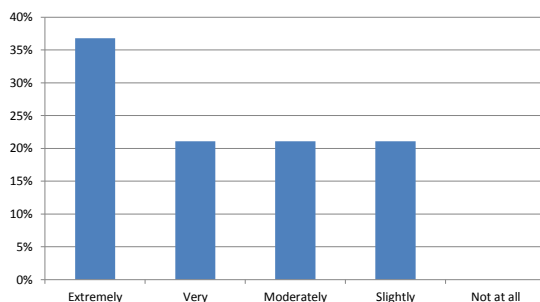

How useful did you find ReGroup?

Support during resit period

- Level of perceived support varied

- 94.7% thought that it was extremely important for university to provide support during this time

Moving Forward

- **General**
 - Continue to collaborate with WMS
 - Continue to improve resit support
 - Medical education course
- **ESA3**
 - SPM scheme to continue
 - Pre-write sessions & module leads to review
 - Forum to continue
 - Highlight support networks

- **Handover**

- Recruit new representatives
 - Ensure continuity
- Work with WMS to address issues posed by new curriculum
 - Exam format – written & OSCEs
 - Module content
 - Resit format

Any Questions?

Thanks for listening!
