Opportunities for Action

Library Collections

Partnerships with Students:
SSLCs, Student Union, Library
Associates; collaboration
with student societies;
funded WIHEA projects.

Departmental projects.

Where does Power and Agency reside?

- Scheme started in 2016 with students from History and English depts.
- 27 Associates for 22/23 ; 11 returners and 16 new from 14 different departments
- Canvas feedback from our student body; help us to improve services, collections and delivery

Associates often have an interest in Decolonisation work. They have co-created reading lists; organized displays; assisted with Marketing and More Books Campaigns; been student delegates at Library conferences. Worked on our Student Leisure Collection

More Books Scheme

- More books scheme – student driven acquisition
- Led to ringfenced annual budget for decolonising titles
- Aimed to make collection more representative.

“The aim is to encourage people to diversify their personal collections, along with providing suggestions for library resources. This will hopefully help us to appreciate texts of different cultures and genders. I am hoping people will suggest material from around the world not simply focusing on British authors.”
Mia (Library Associate)

- Sign up to TRIW/ increase my own knowledge in this area
- Join a network exploring A-R issues
- Offer my time to a colleague who has a project idea they want to lead on
- Put a goal around this in my PDR to explore one or more specific issues further
