

## **ATM Script for Text Message to Participants**

The following document will be used as a script to send text message reminders to participants concerning the return of their ATM Questionnaires at 3 months and 6 months.

Further details of the process to be followed when contacting patients about questionnaire return will be included in the ATM Data Management Plan.

### **Text Message 1:**

- To be sent when questionnaire booklets are posted to the participant

**“ATM Trial: Your [3 month / 6 month] questionnaire is on its way. Please complete and return at your earliest convenience. Thank you for taking part in the Achilles tendinopathy management (ATM) trial.”**

### **Text Message 2:**

- To be sent two weeks later

**“ATM Trial Reminder: Please complete and return your [3 month / 6 month] questionnaire at your earliest convenience. Thank you for taking part in the Achilles tendinopathy management (ATM) trial.”**

### **Text Message 3:**

- To be sent two weeks later

**“ATM Trial: We have not received your completed [3 month / 6 month] questionnaire. If you need help with the completion of the questionnaire please contact us at [ATM@warwick.ac.uk](mailto:ATM@warwick.ac.uk) or 02476 150 955. Thank you again for your help with this Achilles tendinopathy management (ATM) trial.”**

### **Text Message: Telephone call**

- To be sent following one follow up call to the participant

**“Achilles tendinopathy management (ATM) trial: We tried to call you but missed you. We would like to speak to you regarding your [2 week follow up / 3 month / 6 month questionnaire]. If possible, could you please contact us on 02476 150 955 or email [ATM@warwick.ac.uk](mailto:ATM@warwick.ac.uk).”**
