Amendment Tool

v1.4 30 Nov 2020

QC: No

Short project title*:	Induction of labour fo	r predicted macroso	omia - 'The Big Ba	ıby Trial'						
IRAS project ID* (or REC reference if no IRAS project ID is available):										
Sponsor amendment reference number*:	SA 09									
Sponsor amendment date* (enter as DD/MM/YY):	27 April 2021									
Briefly summarise in lay language the main changes proposed in this amendment. Explain the purpose of the changes and their significance for the study. If the amendment significantly alters the research design or methodology, or could otherwise affect the scientific value of the study, supporting scientific information should be given (or enclosed separately). Indicate whether or not additional scientific critique has been obtained (note: this field will adapt to the amount of text entered)*:	The major changes r participants at 24 mo This was thought nec Needs (SEN) identifie that early induction o participant informatio letters and emails to Furthermore there is participant in the eve six month questionna possible for the trial.	nths to assess the in ressary following the ed in the 'NHS Engla i labour could lead to n sheet the creation support this change. the addition of a corn nt that the complete	mpact of pre-term inclusion of poss and: Saving Babie o an increase in S of new participan mbined two and s d 2 month question	birth on cognitive sible increase in S is Lives Version 2 SEN. Section 2: Summary of change(s)

Please note: Each change being made as part of the amendment must be entered separately. For example, if an amendment to a clinical trial of an investigational medicinal product (CTIMP) involves an update to the Investigator's Brochure (IB), affecting the Reference Safety Information (RSI) and so the information documents to be given to participants, these should be entered into the amendment tool as three separate changes. A list of all possible changes is available on the "Glossary of Amendment Options" tab. To add another change, tick the "Add another change" box.

Change 1

Area of change (select)*:

Study Design

Specific change (select - only available when area of change is selected first)*:	to study design that can be implemented within existing resource in place hisations - Please specify in the free text below							
Further information (free text - note that this field will adapt to the amount of text entered):		th follow-up questionnaire to assess the impact of early induction of will be managed from the Warwick Clinical Trials Unit and will not impa-						
Applicability:	Applicability:							
Where are the participating NHS/HSC organisations locate by this change?*:	V	V						
Will all participating NHS/HSC organisations be affected by some? (please note that this answer may affect the categ change):		All	(O Some				

Add another change:

Change 2									
Area of change (select)*:	Study Documents								
Specific change (select - only available when area of change is selected first)*:	Protocol - Substantial changes (e.g. affecting safety or the scientific value of the trial)								
adapt to the amount of text entered):	Additionally the protocol has been updated to reflect the addition of the 24 month questionnaire. Additionally the protocol has been updated to allow the capture of 2 and 6 month questionnaire data in a combined questionnaire, if the participant did not complete the 2 month questionnaire								
Applicability:		England	Wales	Scotland	Northern Ireland				
Where are the participating NHS/HSC organisations located t by this change?*:	7	7	7						
Will all participating NHS/HSC organisations be affected by th some? (please note that this answer may affect the categoris change):	۲	D Some							

Add another change:

Change 3									
Area of change (select)*:	Study Documents								
Specific change (select - only available when area of change is selected first)*:	Other minor change to study documents (e.g. information sheets, consent forms, questionnaires, letters) that can be implemented within existing resource in place at participating organisations - Please specify in the free text below								
Further information (free text - note that this field will adapt to the amount of text entered):	The Participant Information Sheet has been updated to support the collection of the combined two- and six-month follow-up data								
Applicability:		England	Wales	Scotland Northern Irela					
Where are the participating NHS/HSC organisations located by this change?*:	V	V	I						
Will all participating NHS/HSC organisations be affected by t some? (please note that this answer may affect the categor change):) Some							

Add another change:

Change 4									
Area of change (select)*:	Study Documents								
Specific change (select - only available when area of change is selected first)*:	Other minor change to study documents (e.g. information sheets, consent forms, questionnaires, letters) that can be implemented within existing resource in place at participating organisations - Please specify in the free text below								
Further information (free text - note that this field will adapt to the amount of text entered):	24 month questionnaires, cover letters and participant information sheets have been created for use by the Warwick clinical trials unit. These will not be used by the site staff.								
Applicability:		England	Wales	Scotland	Northern Ireland				
Where are the participating NHS/HSC organisations located by this change?*:	V		7						
Will all participating NHS/HSC organisations be affected by some? (please note that this answer may affect the catego change):	() All	O Some						
				Add another cha	nge: 🗸				

Change 5										
Area of change (select)*:	Study Documents									
Specific change (select - only available when area of change is selected first)*:	Other minor change to study documents (e.g. information sheets, consent forms, questionnaires, letters) that can be implemented within existing resource in place at participating organisations - Please specify in the free text below									
Further information (free text - note that this field will adapt to the amount of text entered):	Combined 2 and 6 month questionnaires have been created for use by the Warwick Clinical trials unit. These will not be used by the site staff.									
Applicability:		England	Wales	Scotland	Northern Ireland					

Where are the participating NHS/HSC organisations located that will be affected by this change?*:	V	7	7	
Will all participating NHS/HSC organisations be affected by this change, or only some? (please note that this answer may affect the categorisation for the change):	All		C) Some
			Add another char	nge:

Section 3: Declaration(s) and lock for submission

Declaration by the Sponsor or authorised delegate

• I confirm that the Sponsor takes responsibility for the completed amendment tool

· I confirm that I have been formally authorised by the Sponsor to complete the amendment tool on their behalf

Name [first name and surname]*:	Becky Haley
Email address*:	R&Dsponsorship@uhcw.nhs.uk

Lock for submission

Please note: This button will only become available when all mandatory (*) fields have been completed. When the button is available, clicking it will generate a locked PDF copy of the completed amendment tool which must be included in the amendment submission. Please ensure that the amendment tool is completed correctly before locking it for submission.

After locking the tool, proceed to submit the amendment online. The "Submission Guidance" tab provides further information about the next steps for the amendment.

Section 4: Review bodies for the amendment

Please note: This section is for information only. Details in this section will complete automatically based on the options selected in Sections 1 and 2.
