

PACKMaN trial team, T1.16  
 Clinical Trials Unit  
 University of Warwick  
 Gibbet Hill Road  
 Coventry  
 CV4 7AL

24 January 2024

To Whom It May Concern,

**Study title: Paramedic Analgesia Comparing Ketamine and MorphiNe in trauma: PACKMaN**  
**IRAS Project ID: 266748 / 1003404**  
**EudraCT number: 2020-000154-10**  
**Amendment Ref: Non-substantial Amendment 11**

Please find attached the completed amendment tool and amended protocol document as listed in the table below for review for the above-mentioned trial.

This protocol amendment is to provide clarity on who the hospital data collection form will be collected from and data retention where only verbal assent is in place.

Document	Version	Date
Summary of changes document	/	/
PACKMaN_Protocol	8.0	17/01/2024
PACKMaN_Protocol tracked	8.0	17/01/2024

Please do not hesitate to contact us should you require any further information.

Kind regards,

Dr Hannah Noordali  
 Clinical Trial Manager
