Reminder - Safety Reporting Timelines

Please remember to report SAE/Rs to the WCTU **within 24 hours of becoming aware that an AE fulfilling the criteria for 'seriousness'** has occurred.

Please send us the follow-up SAE/R reports **in a timely manner.**

If there is any ambiguity regarding whether the event has met the criteria for 'seriousness' the best approach is to report to WCTU and to downgrade the event later when further information to clarify the situation is available
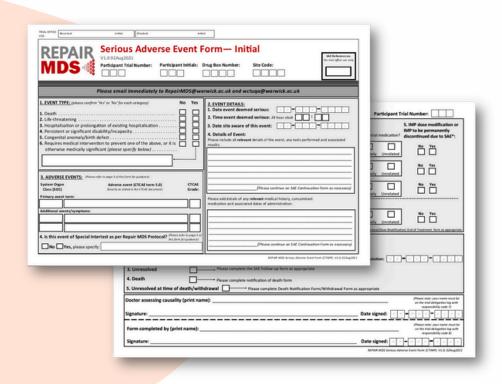

Serious Adverse Events reported outside of the correct timeline are non-compliance to the trial Protocol and GCP guidelines
