ISTH-SSC Bleeding Assessment Tool

When determining the ISTH score for each bleeding event during the baseline assessment period and to confirm eligibility, please use the below online tool:

<https://bleedingscore.certe.nl/>

IMP Order Deadline Christmas Closure Period

Please be aware that IMP orders should be placed by

Tuesday 20th December

Please note deliveries will take longer than usual due to Festive bank holidays after this date.

(An official postcard with more information will be sent to all Sites in due course.)

Reminder - Samples for Science

A gentle reminder that samples should be sent to CIS

on the same day as collection

via

First Class Postage

If combined with bone marrow aspirate, please post via **Special Delivery** where possible

Samples should not be taken or posted on Fridays or bank holidays to ensure the samples will be viable when they reach CIS.

Recruitment Forecasting

We would like to get an idea of how far along your patients are on their journeys from registration to randomisation, or if you have any upcoming registrations in December.

Please email us to advise:

- **Estimated dates of registration, randomisation and/or when you will be approaching new patients**
- **if the baseline data will be collected retrospectively, prospectively or a combination of both**
