

## Achievements

Welcome to  
Royal Hampshire County Hospital  
Basingstoke and North Hampshire  
Hospital &  
James Paget Hospital  
which opened to recruitment to the  
trial recently.

Heartlands Hospital randomised 1  
patient &  
Kings College London registered 2  
patients!

A huge thank you to the site teams  
for their support!

## Recruitment Update

25 Participants Registered  
15 Participants Randomised  
17 Sites Open to Recruitment

### ONLY 5 RANDOMISATIONS

until we reach the target of  
20 patients randomised for  
Safety Analysis.

CAN YOU HELP US REACH  
THIS MILESTONE?

## NIHR CRN PI Associate Scheme

We are pleased to confirm that the REPAIR-MDS trial (CPMS ID: 48916) has now been registered for the Associate PI Scheme and are able to receive Associate PI trainee applications.

Applicants can register to be Associate PI trainees for this study having obtained approval from their local PI.

Potential Associate PI trainees can find details on how to apply on the Associate PI Scheme website [here](#), or speak to the the Central Trial Team.

**Resources:** Visit the scheme's webpage page for more information.

Tuesday 4th July 2023

## Investigator Meeting Recruitment Top Tips

Thank you to those who attended the Investigator Meeting on Tuesday 4th July where the Chief Investigators shared their tips for recruiting participants into the REPAIR-MDS Trial.

Other key topics highlighted included how to identify patients for REPAIR-MDS, when and who should you pre-screen along with a discussion around screening patients taking statins and the overall eligibility criteria.

The investigator meeting materials will be made available to all members of the team.

The meeting recording will be shared on our website soon here:

<https://warwick.ac.uk/fac/sci/med/research/ctu/trials/repairmids/health/investigatomeetings/>

**You can view all previous meetings here too!**

## Upcoming CRF Clinics

We are happy to announce we will be hosting a series of 30-minute online sessions focusing on CRF completion tips and database training.

**12:00–12:30 Thursday 20th July:  
Registration, Baseline Assessment,  
Eligibility & Randomisation CRFs  
Overview.**

Register via the link below:

<https://events.teams.microsoft.com/event/04f6ebd1-459a-4ea0-bd57-d15d4f7d4693@09bacfbd-47ef-4465-9265-3546f2eaf6bc>

**12:00–12:30 Friday 25th August:  
Response Evaluation CRF Overview**

**12:00–12:30 Tuesday 19th September:  
Dose Monitoring CRF**

**REPAIR  
MDS**  
CRF CLINIC

The image shows three overlapping screenshots of the REPAIR MDS trial forms. The top form is the 'REPAIR MDS Randomisation Form', the middle is the 'REPAIR MDS Baseline Assessment Form', and the bottom is the 'REPAIR MDS Registration Form'. Each form includes fields for participant details, trial number, and site code.

## Sharing Prescriptions with REPAIR-MDS

Following the implementation of Substantial Amendment 4 at all sites we would like to highlight a change in how documents should be sent to the Central REPAIR-MDS Trial Team and provide a reminder of the identifiable information that can be shared.

**When sending redacted prescriptions to the Central Trial Team please do so via a secure method by utilising local encryption, password protecting the document (if sending via email) or OneDrive.**

If you would like to set up a OneDrive folder, Microsoft Team or channel then please contact the Central Trial Team so that we can support with this.

Any prescriptions not received via a secure method going forward will be a Protocol Deviation.

**REMEMBER:** When redacting PDF documents, please ensure that any redaction is irreversible by either locking the document when saving or using PDF programme redaction features.

## Useful Tools and Links

### ISTH Bleeding Score

We have made aware the ISTH Bleeding Score web address included in Protocol V3.0 appendix D is not correct. This will be corrected with the next Protocol amendment. The correct link for you to use and bookmark is below:

<https://bleedingscore.certe.nl/>

### IPSS-R Score Calculator

Please note the UK MDS Forum IPSS-R Score calculator is now out of use. Moving forward please use and book mark the below link:

<https://www.mds-foundation.org/ipss-r-calculator/>

# Recruitment Update

We are so proud to be working with so many fantastic research teams across the UK!

We know that participant recruitment to REPAIR-MDS can be challenging but we would like to recognise the hard work all teams have put in so far and your continued support of the trial!

**Well done and thank you to our top recruiting sites!**
