## News & Reminder

- **Close-out Process:** The close-out checklist has been shared with Ambulance Services. It will be circulated to hospital sites in due course. Please kindly complete it at your earliest convenience.
- **Data query:** We are currently undertaking data cleaning activities and would greatly appreciate your support in reviewing and completing any outstanding data. Please check the Query Manager within the SIS database and action any open queries as soon as possible. If your site would like additional support or has any data-related queries, the SIS team can arrange a **1:1 catch-up** to help. Please contact [SIS@warwick.ac.uk](mailto:SIS@warwick.ac.uk) to arrange.
- **Payment for Hospital sites:** Please submit your draft invoice, including the TNO number, to [x.yang@nhs.net](mailto:x.yang@nhs.net). Once the invoice has been reviewed and verified, we will advise on the next steps. A Purchase Order (PO) number will be issued following successful invoice verification.
- **Invoice submission:** Please note that the deadline for invoice submission is 31 August 2026.
