Nazia Arshad	Assessing the quality of doctor's induction in my GP practice			
Hyun Yu	A protocol for a systematic scoping review and conceptual analysis of normal, ordinary, and natural dying in UK palliative care			

#### The following prizes will be awarded at the end of today's Symposium

RCGP David Morgan Presentation Prize for the best oral presentation

RCGP Donald Crombie GP Quality Improvement Prize for the best presentation on quality improvement

RCGP Poster Prize for the best Top Five Poster presentation

WPC Student Oral Presentation Prize for the best oral presentation made by a student

WPC Best Symposium Poster Prize for the best poster made by a student

### 2024 RCGP (Midland) Education, Research and Innovation Symposium

#### 'New Directions in Primary Care'

The Academic Primary Care team at Warwick Medical School are delighted to welcome you to the 2024 RCGP (Midland Faculty) Symposium today. We hope you have a great time supporting, learning from each other, networking and finding out about academic primary care, locally, regionally and nationally. We are delighted that the Clinical Research Network team are able to join us today. They have a stand for you to visit and lots of team members attending to answer questions and talk to you about their work across the region. They have also supported us financially, for which we are grateful.

We must also thank RCGP (Midland Faculty) for their support in helping us to market the event and for providing three prizes which will be awarded at the end of the day by Dr Jamie Hynes, Chair of the Midland Faculty, along with two student prizes awarded by the WMS Academic Primary Care Team.

Whether you submitted an abstract, made a presentation, displayed a poster, helped with scoring, chaired a session, delivered a keynote, sat on the planning committee or came along to support those who did—thank you <u>so</u> much for being here and taking time out to be part of what we hope will be an energising, inspiring and encouraging day.

The Lecture Hall (WLT) is the main room for our keynote speakers. **The three break-out rooms for oral presentations are 0.04 and 0.05 on the ground floor, and 1.04 on the first floor**. Posters are displayed in 0.02 along with the CRN stand.

in 0.02 along with the	e CRN stand.			0.02 Posters and Stands

# New Directions in Primary Care— 18th April 2024 - Morning Sessions

9.00 —9.30am	REGISTRATION	Foyer
9.30—9.45am	WELCOME Prof Jeremy Dale (Prof of Primary Care, WMS)	WLT
9.45—10.30am	<b>KEYNOTE Speaker Professor Helen Atherton</b> (Professor of Primary Care Research, University of Southampton ) ' <i>Pioneers of the future: finding your</i> <i>way in academic primary care research</i> Including Q and A	Chair: Prof Jeremy Dale WLT
10.30—10.50am	COFFEE /TEA	Foyer
10.50—11.55am	RESEARCH PRESENTATIONS	·
	A. Women's Health Chair: Dr Rachel Spencer	Room 0.04
10.55—11.10am	The Natural History of Nausea and Vomiting During Pregnancy: A Scoping Review—Molly Bates and Phoebe Lewis Clarke	
11.10—11.25am	Clinical audit on the long-term management of women with Polycystic Ovarian Syndrome in an urban GP surgery—Camille Hunt and Harini Sundaramoorthy	
11.25—11.40am	Imposter participants in qualitative research: a new challenge—Lisa Shah	
11.40—11.55am	Improving Cervical screening uptake in an inner city practice—Anna Stone	
	B. Endocrine Chair: Prof Jeremy Dale	Room 0.05
10.55—11.10am	Identification and optimisation of care for adult patients with type 2 diabetes across Moore Green Lane Medical Centre (and affiliated practices) in Birmingham and Solihull Integrated Care System (ICS) through delivery of a data-led quality improvement programme and Multidisciplinary Team (MDT)1 in primary care—Asfia Aftab	
11.10—11.25am	Exploring disparities in access to diabetes care; a cross sectional analysis of patients with diabetes in Dudley—Lloyd Baron	
11.25—11.40am	A real-world evaluation of semaglutide prescribing in primary care for managing type 2 diabetes (T2D) - Farhana Ali	
11.40—11.55am	Managements of Addison's disease at Rother House Medical Centre—Hyun Yu	
	C. GP Systems Chair: Dr Sarah Hillman	Room 1.04
10.55— 11.10am	Using Experience Based Co-Design to create GP-MATE—Zakia Shariff	
11.10—11.25am	Exploring current levels of engagement with decarbonisation initiatives: a survey of the implementation, attitudes, and awareness of general practice staff—Olivia Geddes	
11.25—11.40am	The Views of GP Trainees on Relational Continuity: A survey - Helen Leach	
	A multiple-case study of patient experiences of NHS Primary Care	
11.40—11.55am	Chaplaincy (PCC) in a West Midlands practice—Nikki Tuppen
