'Recruiting and Retaining the GP Workforce'

Thursday 11th June 2020 ~ 9am—4pm

Westwood Teaching Centre, University of Warwick, CV4 8UW

[Book on-line](#) from mid-March. **FREE** to GPs training or practicing in Coventry and Warwickshire, and medical students ~ **Lunch included**

Delegate places supported by our generous sponsors HEE England, NIHR Clinical Research Network and Wesleyan.

Call for abstracts is now open—submission deadline **Friday 1st May**.

[Abstract Submission Form](#) Prizes awarded for best poster, best oral presentation and best student categories

An opportunity to present and network at a local level, hear about primary care research and become involved.

This event is aimed at GP trainees, research active GP teams, medical students with an interest in general practice – in fact, everyone who is interested in the future of primary care. It will include findings from key research studies that practices in Coventry and Warwickshire have recently participated in, and their implications on practice . *The symposium will host, in parallel, the NIHR CRN primary care annual regional meeting for Coventry and Warwickshire practices.*

What delegates said about the 2019 event!

“Very well organised and nice atmosphere. Very inclusive.” “Good range of subjects”

“Incredibly friendly. So lovely to feel welcomed and encouraged to take part in research.”

“Great mix of presentations and posters...lots of excellent topics.” “Fab venue and facilities.”
“Brilliant networking opportunity.”
