University of Warwick, Societies & Sports

- Opportunities to get involved with both Medsport or Main Uni
- Main Uni has a huge variety of sports and activities available.
- If you make the Main Uni BUCs team - opportunity to travel for these competitions and also play in league matches
- If you make the MedSport Teams, some societies also compete against other medic teams, e.g., Warwick Badminton at NAMS
- Main uni also offer other societies outside of medicine such as Chess or Salsa etc!

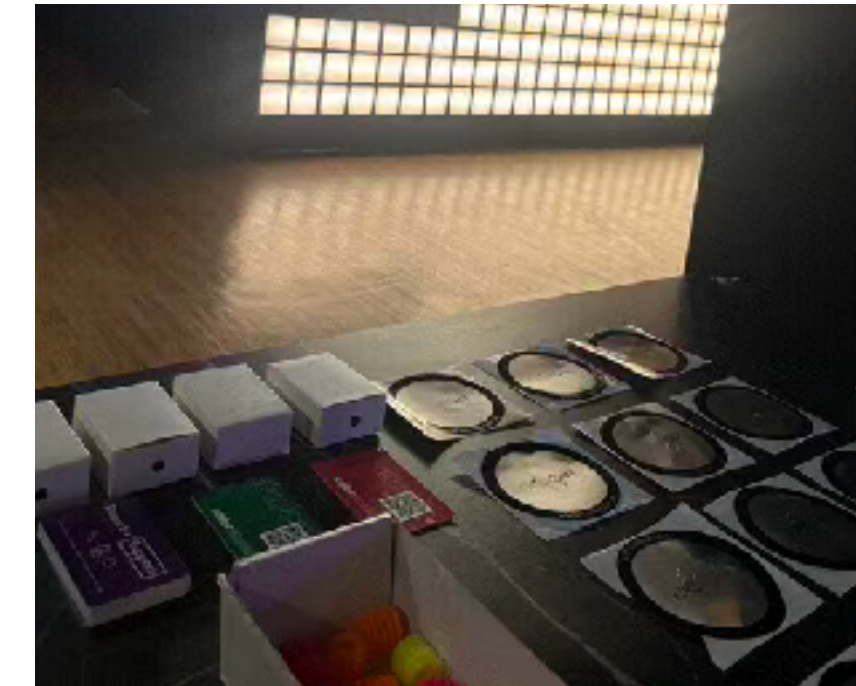

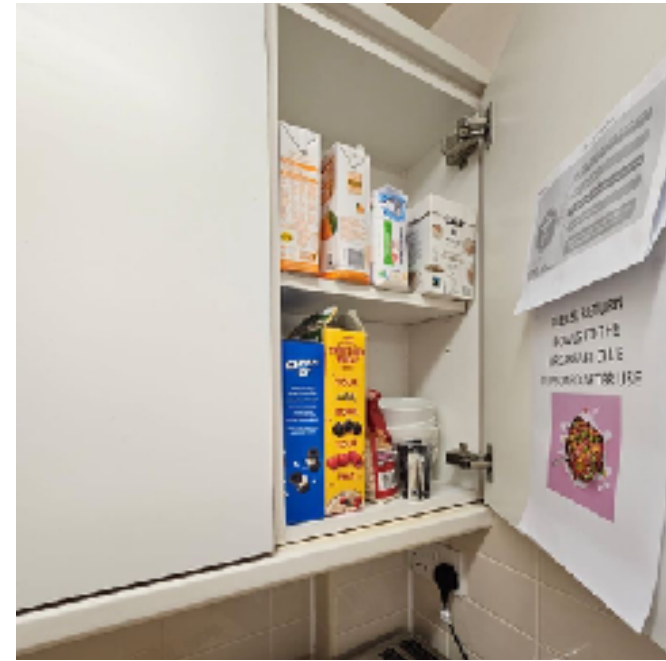

**UNIVERSITY
OF WARWICK**

MedSoc, Wellbeing

- Welfare Wednesday
- Disability Support- Warwick Disability Services & WMS Disability Network
- Financial Support- Hardship Funds, Emergency Loans, Bursaries...
- Grief Support
- Animal Therapy
- LGBTQIA+ Support
- Mental Health Support- Within WMS, Warwick Support, GP, Mind, BMA...
- Minority Ethnic Support
- Support for Sexual & Domestic Violence
- Medic Families
- ... and lot more!

(They're sober, we promise!)

UNIVERSITY
OF WARWICK

MedSoc Volunteering, Resuscitation Medicine Discipline

RMD Warwick...

Is a **Basic Life Support (BLS)**, **Automatic External Defibrillator (AED)** and **First Aid course**.

The course aligns with the **peer-led teaching ethos** at WMS, and is run and taught by **Warwick medical students**, overseen by **Dr Chris Smith & Dr Helen Poulton**.

Why you should get involved:

- Gain ERC-accreditation as a **BLS provider**
- Become a **BLS instructor**
 - Fantastic for job applications, and can be used for the Foundation Teaching Certificate offered by WMS
- Gain committee and **leadership experience**
- Take part in **community outreach** and **research**

Essential skills we teach:

- **Assessment** of the unconscious patient
- **Management** of the unconscious, breathing patient: recovery position
- **CPR**
- Use of an **AED**

The course is fully endorsed by the **European Resuscitation Council (ERC)** and the **Resuscitation Council UK**, and has been developed in cooperation with RMD Birmingham (where it's ran since 1995!).

**UNIVERSITY
OF WARWICK**

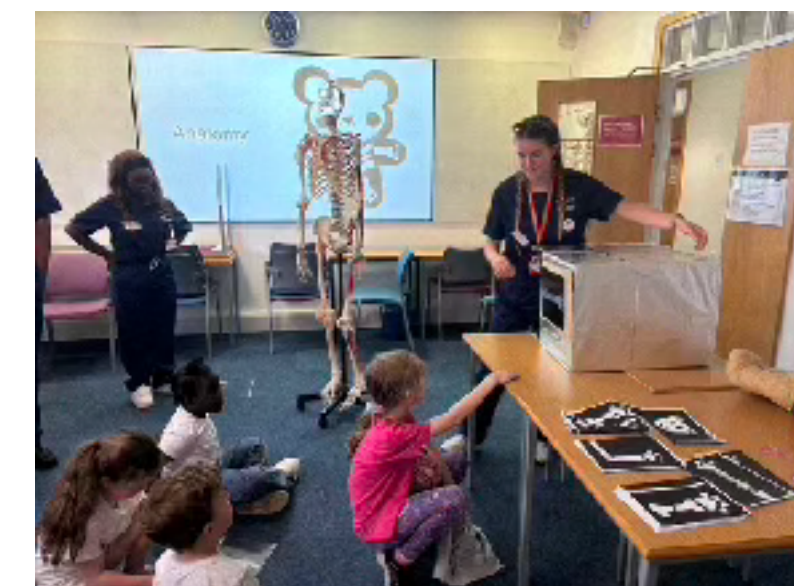

MedSoc Volunteering, Teddy Bear Hospital

- Tailored sessions for children across Coventry & Warwickshire led by WMS students.
- Annual 'Picnic Day' hosted through the summer.

Includes plaster cast making, mock x-ray machines as well as fun anatomy teaching (slightly simpler than in Phase I!)

MedSoc Volunteering, Community First Responders

“Our medical students are demonstrating exceptional leadership by taking part in a scheme that delivers vital care and support to our local communities across Coventry and Warwickshire, as well as here on campus. This Community First Responder initiative is a powerful example of the University’s commitment to making a meaningful difference in the lives of people in our region and beyond.”

Professor Croft

Vice Chancellor & President of University of Warwick

Student medics join ambulance crews on front line

WARWICK MEDICAL SCHOOL

Medical students are joining professional ambulance crews to support the NHS

Research, Professional

- Medical Research at WMS,
 - Basic & Translational Sciences
 - Clinical Research
 - Applied Health Research
- Warwick Clinical Trials Unit,
 - One of the largest clinical trials units in the UK, running multi centre Randomised Control Trials in,
 - Emergency Medicine & Critical Care (EPPiC)
 - Surgery
 - Cancer
 - Rehabilitation
- Strong NHS & Policy Links,
 - Close collaboration with NHS partners (particularly UHCW) as well as NIHR funded programmes.

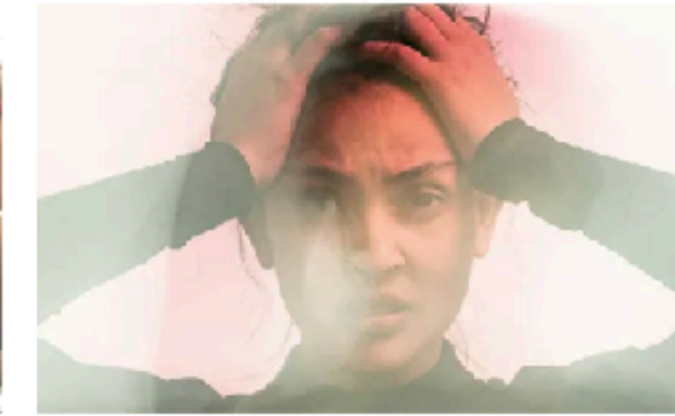

Health Missions

Our **Health Missions** are designed to bring together all the necessary expertise and experience to tackle major health challenges facing our society. This demands we **build** mission-specific local ecosystems that connect warwick researchers with other universities, NHS partners, local government, third sector organisations and patients themselves - all with shared purpose and clear goals:

Women's Health >

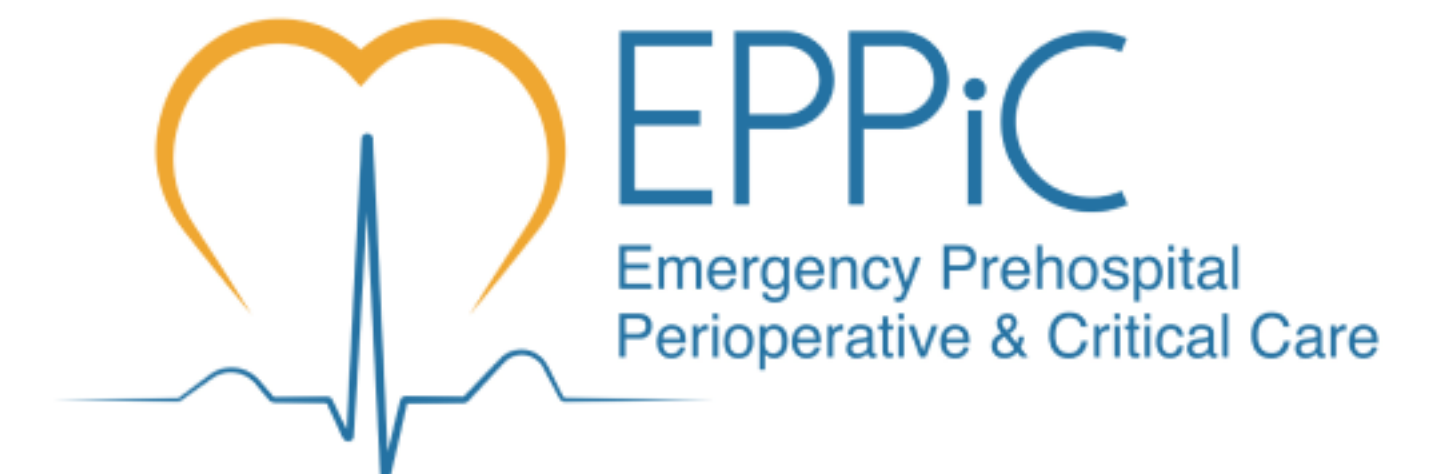

Mental Health & Wellbeing >

Infectious Disease >

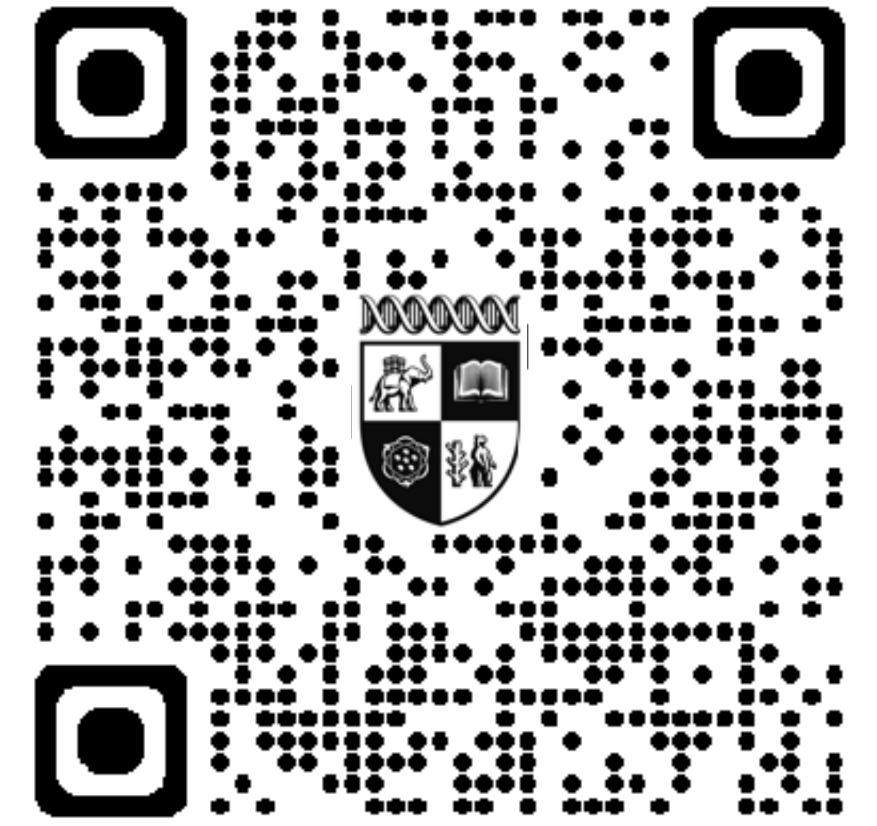

UNIVERSITY
OF WARWICK

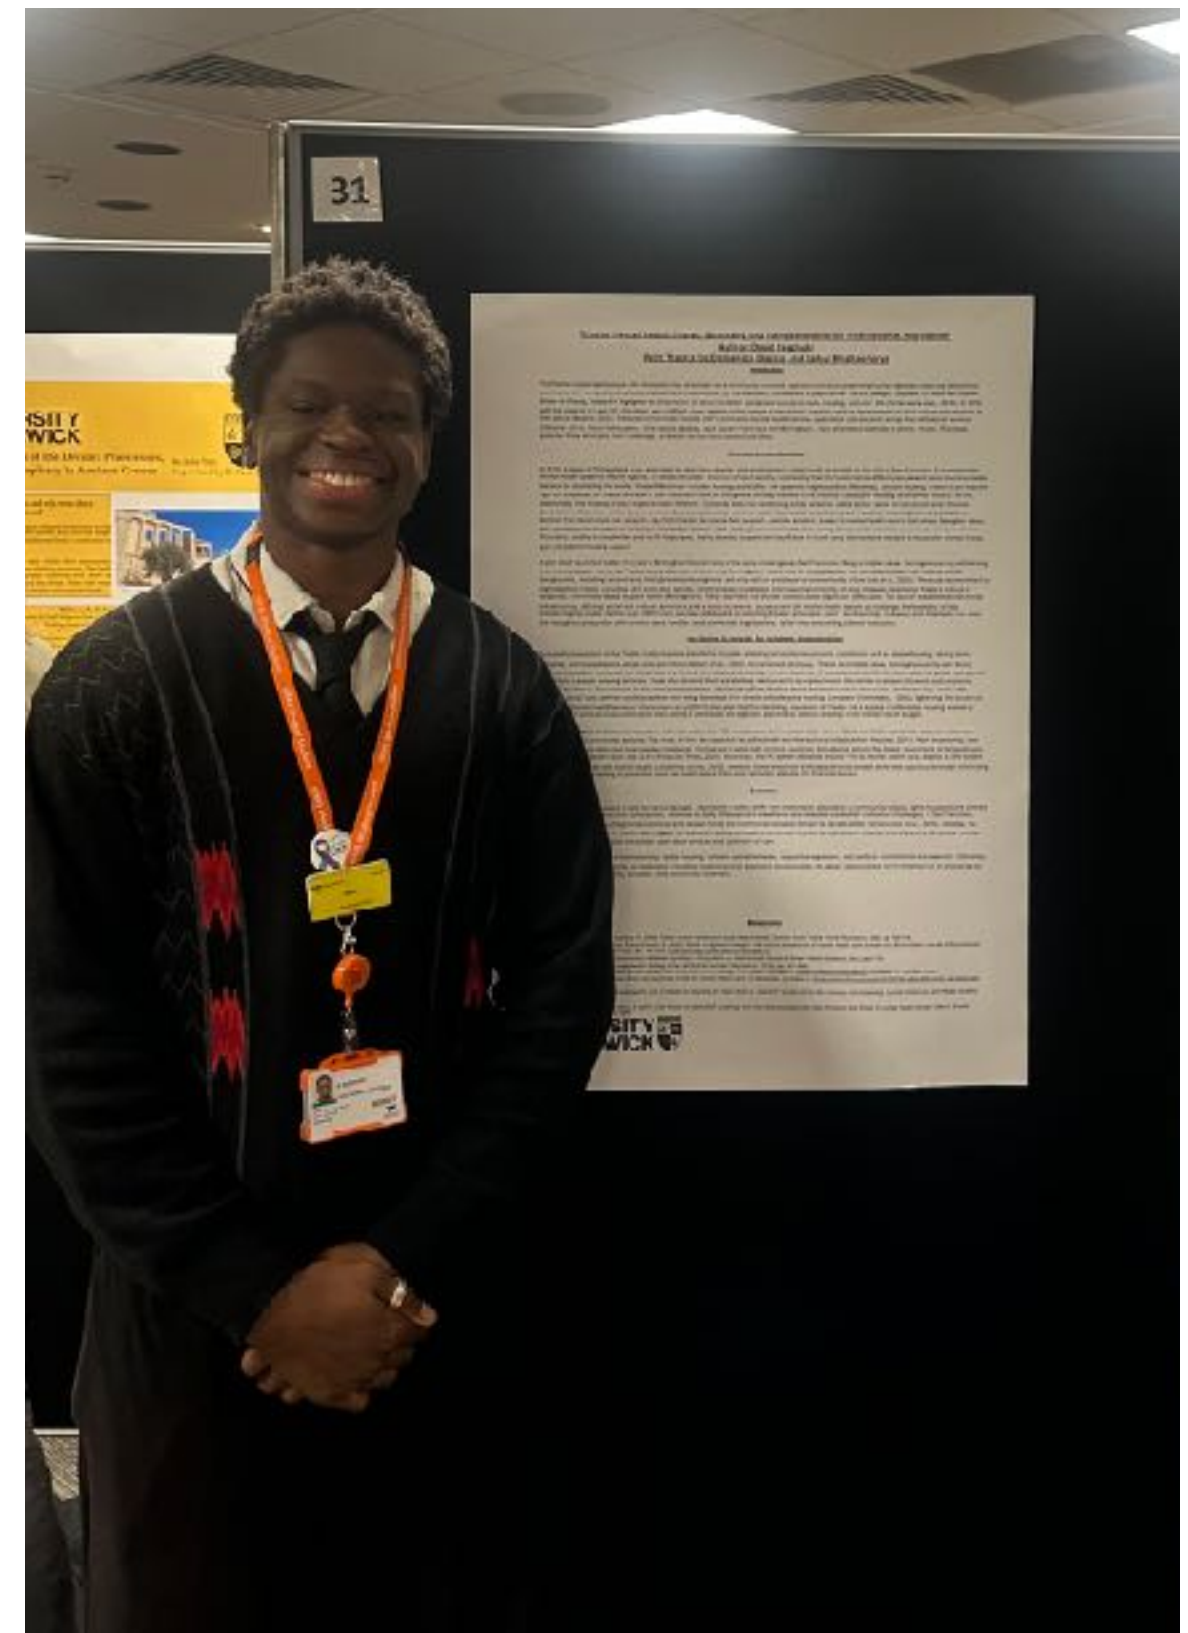

Research, Student Opportunities

Undergraduate Research Support Scheme

- Enables students to complete a 6-10 week self directed research project under the supervision of academics here at Warwick.
- Students can receive up to £1500 to contribute to living costs and costs associated with the project- Projects can be completed overseas!
- Opportunity to present projects at a showcase and support with public engagement.
