Examination Arrangements

Please select one of the following (circle): X A B

Students following the same course but on different years of study must have different examination papers, where it involves a combination of finalists and second years (including third year of four) on a summer paper in which the overall number of candidates is greater than twelve and the number of non-finalists is greater than six; any combination is granted exemption.

If the unusual option is being taken in its normal year of study select X above, otherwise select one of the following:

- A. The marks will be returned to the Department of Physics by the date approved by Senate for the transfer of marks for the year of study in which the option is normally taken
- B. Otherwise. (this may mean it is not possible for the student to take the module).
