

## Using LabCup to arrange disposal of chemical waste

Now that LabCup has been implemented in the department, we have streamlined how you can arrange for chemical waste to be disposed of.

To do this:

1. Locate the exact item you wish to dispose of in your inventory on LabCup & <u>select</u> it to bring up the Data Sheet of the item

e.g.																
Data sheet	Θ							Ē		•	₽	/	*	■+8	¢	×
OVERVIEW	ITEM	PRODUCT	COMPOUND													

- 2. Select the flag icon at the top of the screen
- 3. Select 'mark for disposal by HMF' & click save

Mark	< 1 invento	ry item(s)		(	୭ ×
Barcode	Product number	Brand	Location	Proposed Location	
45316	650579	Sigma- Aldrich	<i>Dummy instrument room 1 &gt; HPLC solvent cabinet</i>	-	
🖌 Mark	for disposal	by HMF			
🗌 Offer	to anyone int	erested			
🗌 Offer	to a group				
				CANCEL	SAVE

to collect waste remains the same, and Keith Jewkes will contact you directly to arrange collection/drop off to P3 (waste storage).
