

DEEPTeCH

Deep Tech Innovation Centre

Inspire every innovator

i2i is for researchers working in any area of science, technology, engineering and mathematics, including life sciences and healthcare.

Warwick i2i Programme

**WARWICK
INNOVATION
DISTRICT**

POWERED BY
THE UNIVERSITY OF WARWICK

GENERATING IMPACT FROM YOUR RESEARCH

For early career researchers (including postdoctoral researchers, PhD students and masters students.) The programme is open to life sciences, med school, psychology, business school, software designers and more.

Further information and registration:

ARE YOU INTERESTED IN:

Enhancing impact from your research?
Exploring creative applications for your research?
Refining your communication skills?
Identifying markets and opportunities?
Considering first steps towards commercialisation?

ONLINE WORKSHOPS

Online workshops will be held on the mornings of 2nd, 4th, 9th and 11th December 2020. You will also have the opportunity to explore the impact of your research by talking to potential partners and customers, with support and funding from Warwick Innovations.
