Please send any information to hod.psychology@warwick.ac.uk you wish to share.

Each weekly bulletin will be shared every Friday – We hope you have a lovely weekend!

New vegetarian and vegan food options on campus

As part of our commitment to sustainability and to provide more choice and variety, Warwick Retail are pleased to announce the launch of two new food outlets serving vegetarian and vegan food. Giving you access to tasty and sustainable food choices.

We're excited to be launching spud, our food truck offering loaded baked potatoes with a selection of delicious fresh vegetarian and vegan fillings. Our other food truck Red Rocket now serves Grilled Cheese with tasty vegetarian and vegan fillings.

Thank you

Regards

Henry

Public Lecture - 23/10 6pm Abertay University

Dear colleagues,
For those of you who live relatively close to Dundee, please feel free to sign-up/let your students know about our third Annual Michael Lamb Public Lecture, delivered this year by Professor Rory O'Connor.
<https://www.eventbrite.co.uk/e/third-annual-michael-lamb-public-lecture-tickets-712916862527?aff=oddtcreator>

Best wishes
Chris

Dr Christopher D Watkins (PhD, SFHEA)

Abertay University, Dundee, DD11HG

Do You Want to Know How to Get Published in Whatever Journal You Want, Whenever You Want?

Springer Nature are hosting an online workshop on October 18th at 2.30pm. The webinar will cover:

- The criteria that editors look for in a manuscript
- Tips for writing and article structure
- The benefits of publishing articles Open Access
- The importance of discoverability for the impact of a researcher's work
- Q&A session,

All registrants will receive a recording of the session. [REGISTER NOW](#)

Mutual Mentoring

Hi all,

You may have seen in insite last week that we are launching a new mutual mentoring programme. Please do share the details with anyone in your department you think may be interested:

[Sign up for mutual mentoring](#)

The programme will partner staff from under-represented communities (Inclusion Mentors) with senior staff (Leadership Mentors) to develop a mutually beneficial mentoring relationship. Inclusion Mentors will share their lived experiences enabling their mentor to learn more and embrace difference, and Leadership Mentors will share their experiences of leadership and management.

[Hear from our Provost, Emma Flynn](#), about why this is such an important programme, and [sign up before 25 October](#).

Take care,
Michaela.

Michaela Hodges. |  [Hear my name](#) (part of the [Say My Name](#) project). | She/Her ([Make the Pronouns Pledge](#)).
Social Inclusion Manager.

Ada Lovelace Day

Dear all,

This is advance warning that Warwick's annual Ada Lovelace Day celebration will take place on **Wednesday 18 October (Week 3) from 2:30-6:30pm in [MS.02 \(Zeeman Building\)](#)**, followed by a reception in the Street.

Ada Lovelace Day is an [international initiative](#) to celebrate the achievements of women across STEM, and this year we have an exciting programme with talks and a panel discussion by including several Warwick alumni. For further information about the event, see the [webpage here](#), and if you are interested in attending, **please register as soon as possible via [the web-form here](#)**.

I hope to see you many of you there!

Tom

Dept of Psychology media coverage - Radio 4 Today and The Times

Hi all,

I wanted to get in touch to flag up some media coverage for your department. I've been working with Dr Jesse Preston to promote her paper on the spirituality of science. Jesse was on Radio 4's Today programme this morning and did an absolutely fantastic job. You can listen here from 53:15 minutes in - <https://www.bbc.co.uk/sounds/play/m001r1sq>

The research has also been covered by The Times today - <https://www.thetimes.co.uk/article/can-science-give-our-lives-meaning-the-science-suggests-it-can-m7xll7365>

I had also had some success with promoting Anita Lenneis and Anu Realo's paper on sleep and wellbeing over the summer. The research was recently covered by the [Wall Street Journal](#), plus the [Mail Online](#), [New York Post](#), BBC Kent, Suffolk and London, [Female First](#), plus other online news sites.

Please do let me know if you hear of any upcoming research papers from the department!

Many thanks

Natalie

Good morning.

ESRC is currently refreshing its Peer Review College membership and I am writing to invite you, as a current or former award holder, to apply to join. If you are already a College member there is no need to re-apply; however, please consider sharing this opportunity with colleagues in academia, business/industry, public or third sector organisations who have some experience of research and/or research funding and might be interested in becoming a member.

College members are our preferred source of expert reviewers and panellists. All current and former ESRC award holders will know that we expect Project Leads and Project Co-Leads to join the College, to help support our assessment processes.

There are many benefits to membership, including:

1. Receipt of ESRC's quarterly Peer Review College newsletter, a concise source of updates and news relevant to our expert reviewers
2. Formal recognition from UKRI and ESRC of your trusted valuable status

3. A better understanding of writing funding applications and application assessment
4. A broader view of the novel ideas coming through the funding pipeline in your area
5. Access to online expert reviewer training tailored to UKRI's new Funding Service (TFS) system

Membership of the College does not affect eligibility to apply for UKRI funding and does not confer any advantage or disadvantage upon a funding application.

How to apply:

We have introduced an online self-nomination application process, which should only take between 10 and 20 minutes to complete. To apply, please click on the link below:

<https://engagementhub.ukri.org/esrc-grants-delivery/esrc-peer-review-college-self-nomination>

We accept applications throughout the year and assess them quarterly. If your application is successful, you will be notified in due course.

We invite applications for College membership from those with backgrounds in academia, business/industry, public or third sector organisations, who have some experience of research and/or research funding. A member's experience might be drawn from any of a variety of roles, such as technician or in professional services. We encourage applications from those with experience of research across disciplines, sectors and countries. There is no travel requirement for those invited to serve on an ESRC panel, as our panel meetings are run using online platforms.

We look forward to receiving your application. If you have any questions or comments, please contact us at PeerReviewCollege@esrc.ukri.org.

Best wishes

ESRC Peer Review College team

Hi Hedgehog Friendly Campus volunteers!! I hope you are well. I just wanted to send an update about Hedgehog Friendly Campus (HFC). This year we are working towards the **Gold** accreditation, after achieving Silver last year. To achieve this, we will be completing various activities, such as hedgehog tunnel surveys in spring and putting up hedgehog signs on roads to tell people to slow down as wildlife is around. Below are some ways that you can get involved with HFC and us!

 On the **12th October 2023**, there is a webinar organised by HFC between **12-1pm** about mammals. This is open to all staff and students. Matt Larsen-Daw, CEO of the Mammal Society, will be presenting the talk and discussing why mammal tracking is important, how to do this and much more!

You can register for this webinar here: [Recording Mammals on Campus webinar \(actionnetwork.org\)](https://actionnetwork.org)

 Sign up as a **Hedgehog Street Hedgehog Champion** [here](#). It is free to register. [Hedgehog Street](#) is a campaign funded by The British Hedgehog Preservation Society and People's Trust for Endangered Species that aims to turn our gardens and communities into hedgehog havens. Please be aware that this is a different scheme to Hedgehog Friendly Campus, which is run solely by the British Hedgehog Preservation Society.

Become a Hedgehog Champion and join a network of over 90,000 like-minded individuals! Once registered, you get access to lots of resources, ideas for activities and opportunities to share your hedgehog images and stories.

If you do this, **please email us your confirmation email** to sustainability@warwick.ac.uk as it goes towards our Gold Award evidence for HFC. We need this email as evidence.

🦔 As part of the **Big Hog Litter Pick Challenge**, ran by Hedgehog Friendly Campus, we are recording the number of bags of litter we are collecting between 19th September and 25th November 2023. We will be competing against other universities, with all volunteers receiving a virtual certificate for taking part, and the winning university receiving a hedgehog home and bag of hedgehog food.

Warwick Wombles Picks (sign up to these here) [Litter picks - Wednesday Warwick Wombles](#)

1. Wednesday 18th October, 12-1pm- start at Sports and Wellness Hub.
2. Wednesday 22nd November, 12-1pm- location TBC.

Friends of Canley Green Spaces Picks (you must be part of Warwick Volunteers to get involved in- sign up here [Warwick Volunteers](#))

1. Saturday 28th Oct 2023 - Woodland Litter Pick to Help Hedgehogs (Canley Brook - Tocil Wood)
2. Saturday 25th Nov 2023 - Woodland Litter Pick to Help Hedgehogs (Canley Brook - The Shrubberies)

The meeting point for these two litter picks is outside Pret, near the entrance to the Rootes Building. The picks run from 10:30am to 2:30pm.

🦔 **Future events:** We will be running bug hotel making sessions in the upcoming months. HFC will also be running a campaigns workshop for students on the 17th of January. More info on these two events will be released out once it has been confirmed.

🦔 It is also worth mentioning that you can let us know if you want to **borrow the footprint tunnels** – we are going into a time where hedgehogs will be hibernating but reach out if you would them in the spring via emailing sustainability@warwick.ac.uk.

Kind Regards,
Hannah.

Hannah Austin (She/Her)

PA to Derrick Watson, Head of Psychology, University of Warwick

Please note my working hours are 8:30am till 4:30pm Monday to Thursday and 9:00am till 4:00pm on Friday.
