Subject: 11th National Doctoral Researcher Awards (2022)

Doctoral Researcher Awards Committee and Springer Natural Applied Sciences (SNAS) are proud to announce the **11th National Doctoral Researcher Awards (DRA)**.

The DRA competition is a UK wide academic competition for junior researchers. With the DRA, we aim to promote and reward academic excellence among researchers pursuing doctoral degrees in the UK.

The competition is organised by the Association of British Turkish Academics (**ABTA**) in collaboration with the Portuguese Association of Researchers in the UK (**PARSUK**), and we are supported by **Springer Nature Applied Sciences (SNAS)**.

With over 2000 applications from 70 UK universities in the past ten years, we have awarded the finalists in three main categories over £20K in prizes for the first, second and third place awardees. In addition to this, we have also awarded more than £8K worth of Amazon vouchers and book vouchers.

The DRA competition is open to all PhD students and recent postdocs (up to 1 year) regardless of nationality.

Could you please circulate this email to the departmental emailing lists or to anyone who might be interested? The application deadline is on 31st May 2022.

For more information, please visit the competition website: www.drawards.org.uk.

COMPETITION CATEGORIES

1. Natural & Life Sciences
2. Management & Social Sciences
3. Engineering Sciences

AWARDS¹¹_{SEP}

- 1st place (x3): £300 and Springer Book voucher^[1]_[SEP]

Application Deadline: 31st May 2022

- Notification of the results: Early August
- Awards Ceremony: Early/Mid September

We look forward to receiving applications from the students of your institution.

Hi all,

Do you know a student, supervisor or university staff member who has made an outstanding contribution to the world of postgrad study?

FindAMasters and FindAPhD have now opened nominations for their 2022 Postgrad Awards! The awards celebrate staff and students with exceptional academic talent and drive.

Beyond this, they recognise those who have made a real difference in the wider community – whether through extra-curricular activities, volunteering, or simply going above and beyond to support their colleagues or peers.

Awards up for grabs include:

- Masters Student of the Year
- Masters Teacher of the Year
- PhD Student of the Year
- PhD Supervisor of the Year
- Best PG Marketing & Recruitment Campaign
- Best PG Wellbeing Initiative

To find out more about the awards and submit your nomination, visit the either the FindAMasters or FindAPhD website. The awards will close on Sunday 24th April, so get nominating!

Subject: Present, Publish, Participate

Dear Colleagues and Partners,

Bulgaria is an island of peace, understanding, and ethnic tolerance in the chaotic geopolitical environment.

Given the experience we have had since 2021, we agreed that August is the safest month to hold scientific conferences in Burgas, Bulgaria.

The goal is to ensure our attendees, partners, and staff's health and safety.

Following a discussion, the Organizing Committee approved the conduct of the following scientific conferences in 2022:

[Agriculture and Food](#), 10th International Conference, 16-19 August ;

[Ecology and Safety](#), 31st International Conference, 16-19 August ;

[Materials, Methods and Technologies](#), 24th International Conference, 19-22 August ;

[Economy and Business](#), 21st International Conference, 22-25 August - [Read More](#);

[Education, Research and Development](#), 13th International Conference, 25-28 August ;

[Language, Individual, and Society](#), 16th International Conference, 25-28 August

With COVID-19, many scientists may encounter travel difficulties. Therefore, we decided to allow participants to change the type of presentation (oral, poster, or online) up to 30 days before the conference's actual date.

Online participants can present oral presentations and posters; they will receive all printed materials (program, certificate, etc.) from the event and publish their papers. There is no limit to the number of changes allowed in the presentation type.

Thank you for your understanding and confidence.
We care about your safety because our Priority is you.

Be well, and stay safe,

Ivan Genov
Science & Education Foundation, Bulgaria

*** Founded in 2008, The Science and Education Foundation (SEF) is a politically independent, non-partisan non-profit interdisciplinary foundation, conference organizer, and scientific journal publisher. Based in Bulgaria, its main administrative office is in Burgas.
