EVENTS

Be a part of UN Urban October: Co-creating Regional Resilience, Mon 17 Oct

Share and discuss contemporary practices and research initiatives related to co-creation, hear evidence-based examples and ideas for fostering grassroots collaboration, and network with regional stakeholders at an [event on 17 October](#). To further develop ideas that have been discussed, academics will be able to apply for two small grants to take ideas forward.

BPS: Supporting PGRs who Teach, Weds 19 October, 13:00

Cardiff University's Psychology department are holding an event for Psychology PGRs who are engaged or interested in teaching in Higher Education. The event is taking place on Zoom on 19th October from 1-4pm, with speakers from a range of disciplines and backgrounds, to share their experiences and expertise around teaching. The event is free to attend for postgraduates studying at a UK Higher Education institution, and the link to register is [here](#). This event is kindly supported by the BPS Division for Academics, Researchers and Teachers of Psychology (DART-P) and the Psychology Postgraduate Affairs Group (PsyPAG).

World Menopause Ideas Café, Weds 19 October, 14:00 OC1.06

The 18th of October is World Menopause Day, the purpose of the day is to raise awareness of the menopause and the support options available for improving health and wellbeing.

To celebrate World Menopause Day this October, the Menopause Staff Network are hosting a Menopause Ideas Café in person, on campus. We will be having discussions around themes linked to menopause at work which came out of our previous event in July, Spotlight on Menopause. Refreshments will be provided and there will also be time for networking. A webpage for the event with more information and resources can be found [here](#).

Reading Group: JUDGEMENT AND DECISION MAKING Mon 17 October 16:00 FAB5.01

Simon van Baal is organising a reading group discussing new judgment and decision-making research. The reading group will be in-person, on campus, and open to all psych postgrads. The goal is for the reading group to not only help us learn about JDM research outside our field, but also to stimulate the research environment and social engagement for postgrads in the department. The intention is therefore also that even if you have only a passing interest in JDM research, it might be worth joining for a session to meet some of the other postgrads. Some of us will likely get drinks after, so it will be a social occasion. If you are interested please email Simon.

Black History Month

WLS Annual Lecture

Tuesday 18 October 2022

5.00-6.00pm | H0.51 Humanities

Race, Law and the Academy with Dr Eddie Bruce-Jones

Birkbeck, University of London

This lecture examines conceptual, practical and political dimensions of research on race in the legal academy. Bruce-Jones will draw on his own work and experience, as well as the work of other Black scholars, around the legal concept of race in Europe, historical studies of British colonialism and interdisciplinary examinations of race at the intersection of law and the humanities. The lecture will address central questions including: What is critical race theory and why is it such a big deal? How do legacies of colonialism impact the conditions of research? And how might we think about the ethical and intellectual demands of race-related research?

Dr Eddie Bruce-Jones is Executive Dean of the School of Law at Birkbeck, University of London. He is a member of the New York Bar and Associate Academic Fellow of the Inner Temple. He is author of *Race in the Shadow of Law: State Violence in Contemporary Europe* (2017). Bruce-Jones is currently the principal investigator of an AHRC-funded project on the archives of the British colonial indentured period.

WELLBEING AND STUDENT SUPPORT UPDATE

Wellbeing Advisers continue to work with you in departments to embed wellbeing in all we do as a community - please contact them if you'd like to discuss any bespoke sessions for your students.

Our [weekly wellbeing themes](#) will continue based on the issues that students come to us with throughout the year.

Please continue to signpost students to us - feedback from students is that **they are more likely to engage if they are signposted by their academic department**. Your support does make a difference.

TRAINING AND DEVELOPMENT

Check out the [Leadership and Management Development](#) pages and the [Academic Development Centre](#) for the full programme of opportunities.

RESEARCH

For current funding Opportunities, see Research & Impact [website](#).

Current Internal Funding Opportunities

- The **Research Development Fund** (Strategic Awards) is open for bids for projects that will take place between 01 August 2022 and 31 July 2023.
- **EPSRC Impact Acceleration Account (IAA)**: A scheme to help pioneering scientists and engineers create successful businesses from their research, improve industrial collaboration and foster greater entrepreneurship
- **Warwick-Wellcome Translational Partnership** offers **Translation and Innovation Grants** to provide project-focussed pump priming awards to support the movement of research ideas along the translational development spectrum and/or move to the next technology readiness level. Applications to buy out UHCW clinician's time for a translational project would also be welcome. It is anticipated that 4-5 awards will be made.
- **Breaking Translational Barriers Awards** provide smaller awards of up to £10,000 to access bespoke external expertise and advice on the potential of the idea or technology and overcome well-defined barriers, for example engaging end users and networks, commissioning market research analyses and exploring routes to market to progress their research along the translational pipeline. The Breaking Translational Barriers Awards will not fund Warwick staff time. Contact Wellcome-Translation@warwick.ac.uk to find out more.

RESEARCHER DEVELOPMENT PROGRAMME

The Researcher Development programme starts again in mid October with a range of sessions from Research Practice & methodologies, Writing (including specific sessions for PGRs from STEM), PhD in Second Language series, Careers and the Wellbeing, Productivity and Essentials series.

We believe that with the range of sessions we can now offer we are supporting Warwick PGRs through all stages of their PhD and complementing the skills they bring with them to Warwick and those that they develop within the Departments and research practice.

In addition to the sessions above we also run an Accelerator series which includes 7 in person (½ day) workshops specifically targeting those new arrivals to Warwick. This will include the Beginners Guide to a PhD and the Effective Researcher workshops. Reflecting the feedback we received from PGRs we will otherwise retain the online delivery of our workshops which you have said meets your needs and allows you the flexibility you require.

Documents attached to email bulletin: Autumn handbook which gives a description of all the workshops coming up and includes the schedule for the term along with links to book.

When you have chance, please also check the refreshed RD webpages which provides multiple resources to support your Researcher Development (warwick.ac.uk) and be aware that we release all workshop information via our RDO Teams site <https://tinyurl.com/Researcher-Development-Online>. We can be found on Twitter [@warwickrssp](https://twitter.com/warwickrssp).

THE COURSE COVERS:
Our Introduction to beekeeping course together with weekly practical training for members is aimed at providing the basis from which to take up the craft of beekeeping as well providing a general appreciation of bees and beekeeping

The course covers:

- ☞ where bees can be kept.
- ☞ the equipment required.
- ☞ the cost and time involved.
- ☞ what the beekeeper has to do throughout the year;
- ☞ the next steps in becoming a beekeeper.
- ☞ helping the bees in other ways.

Subject to the weather, there will also be an opportunity, to get close to some bees under the supervision of experienced beekeepers in a nearby apiary

☞ Our Introduction to Beekeeping course makes an ideal gift for anyone with an interest in nature or bees, and Gift Certificates for the course are available on request.

SUSTAINABILITY

JOIN US TO BE A HEDGEHOG SAVIOUR

The University is taking part in the Big Hog Friendly Litter Pick Challenge, to help reduce litter and making spaces safer for wildlife. Sign up for a litter pick session and help us nurture an animal-friendly environment.

Barriers to Sustainable Engagement

The University recognises the role that every individual must play in order to address our sustainability goals. The importance of the Green Champion network is recognised by senior leaders including Chris Ennew and Parvez Islam.

Various departments have set up Green Action Teams and are working hard to reduce their areas' impact on the environment. We understand that for some this has not been as easy or straight forward and, even for those who have seen successes, barriers to effecting change are still experienced.

We are currently developing engagement strategies for the year ahead and are keen to understand the issues/barriers people are facing.

We are asking for people's feedback, which will be treated anonymously, and be used to help develop effective strategies for future engagement. If you would like to share your thoughts please complete the online form and book to attend one of the focus groups.
