- **Changes to Accessible Parking from Monday 1 August 2024 (car park 10)**
- **Warwick Volunteers' Summer Volunteering Pages**
- **Reminder: STEM Connect Workplace Survey**
- **Student Communications: Week 10**

Changes to Accessible Parking from Monday 1 August 2024 (car park 10)

From Estates news pages: From Monday 1 August 2024, car park 10 will be permanently closed. Alternative accessible parking bays will be located near the rear of the Ramphal building. Additionally, local agreements between blue badge holders and the Transport & Mobility team may allow for parking on Lord Bhattacharyya Way; please [contact us](#) should you wish to discuss this option. For more details, please visit [this website](#).

Warwick Volunteers' Summer Volunteering Pages

Warwick Volunteers' Summer Volunteering pages are now live and available to any student remaining in the area across the next three months. There are a wide range of volunteering opportunities available, from one-off events to regular weekly activities. No previous volunteering experience is required for any

of these roles, and there is no long-term commitment required. Please visit the [webpage](#) for more information.

Reminder: STEM Connect Workplace Survey

From the STEM Connect Programme Team: We are pleased to announce that the STEM Connect Workplace Survey is now live for the Departments of Chemistry, Physics, the School of Engineering and Research Technology Platforms staff, whose Departmental homes will be in the Science and Engineering Precinct. The aim of the survey is to gather vital feedback on workplace and workspace to help inform the significant investment that will transform our STEM spaces over three phases:

Phase One: Building over 25,000 sqm of new teaching and research space.

Phase Two: Repurposing over 12,000 sqm of existing buildings, including new workspaces with improvements based on feedback.

Phase Three: 6,000 sqm of Engineering spaces (including workspace).

The survey will be live until Friday 5 July and will help identify challenges and opportunities for current and future workplace needs and play an important role in informing the design of workplace in our Science and Engineering Precinct. Should you have any queries please contact [STEM Connect](#).

Student Communications: Week 10

Please find links to this week's student communications here: Newsletters (sent Thursday 27 June): UG final year, UG non-final year, PGT. Student Communications have created their new Summer at Warwick pages, with details of activities, resources, and support over the summer break which will be updated throughout the summer. If you'd like to share these with students, please find the [message and static/animated visual assets here](#).

[About INspire \(warwick.ac.uk\)](http://warwick.ac.uk)

Welcome to INspire: Introduction from Stuart Croft, Vice Chancellor

I am excited to continue to the journey at Warwick to support a new kind of leader. Leaders who are inclusive, reflect the diversity of our communities, challenge traditional practices and inspire others to help us achieve our 2030 strategic objectives.

Diversity of thought is critical to Warwick as a place of innovation and creativity and that means we need diversity in our leaders as well as our students and staff. To support diversity to thrive at senior levels we are continuing to support the INspire programme which goes beyond leadership programmes. It is a personal development experience to facilitate future senior leaders to build personal and professional skills while navigating the challenges faced by people in minority groups to lead and inspire a diverse and inclusive Warwick community.

The programme is aimed at people already in senior leadership positions who aim to progress to top leadership positions. In the early stages we are inviting people who are under-represented in senior leadership positions but our vision is that eventually all or leaders will benefit from such an experience.

I hope that you are inspired to take part in this exciting opportunity to take your career to the next level.

With best wishes,

Hi Staff & PGR Green Champions,

We are launching a new sustainable behaviour change app ahead of the new academic year. We are looking for feedback on what we should call this app and would like our Green Champions network to input into the process. By providing feedback you will be entered into a prize draw, for one of six online £10 vouchers. The survey closes on the 9th of July, and winners will be selected on the 10th of July 2024.

Hi Professional Services Excellence Network,

Sharing some simplified, 'light' work management templates, which the Student Experience Division are currently using. They may be of use when planning and delivering any sizeable piece of work, especially when working collaboratively with other departments.

Using them can help save time from avoiding common pitfalls of new pieces of work (e.g. scope creep), improve communication, enhance collaboration, define accountability and break down complex tasks into manageable steps.

There's some brief prompts and guidance within the templates themselves, but if you/your team would like more information (including a guided run-through), register your interest for a workshop here:

<https://forms.office.com/e/wZsTUj1Jrb>

Happy to run a session depending on demand. Otherwise, **feel free to download a copy, start using and share with other colleagues!** 😊
