Good morning/afternoon,

As a very hopeful (!) A Level Psychology teacher at Solihull School, I am keen to find external speakers who would be willing to deliver a 30-minute talk to our students (predominantly sixth formers) about potential career opportunities/courses that they could pursue in Psychology, post A-Level. Alternatively, a lecture-style taster session would be welcomed.

This talk could be delivered to a small group of max. 30 students in one of our classrooms, or we have a larger space – a small lecture theatre – which could accommodate a slightly larger number of students (we could cater to your preferences on this).

In return, we could encourage our students to participate in research investigations that are being undertaken by your current Psychology student cohorts, whilst also increasing exposure to what you have to offer amongst our students.

If this is something your department would be willing to support us with, we'd really appreciate it and look forward to your response.

Kind regards,

Miss Stephanie Waldron

Hi all,

Jenny & I held our first Postgraduate Mental Health Awareness event today, we invited all the PGT & PGR students to come and have pizza & do some wellbeing activities.

We had a great turn out and the students really seemed to enjoy it and it's something that we are hoping to hold regularly. This was a successful event and we are hoping to hold this on a regular basis.

Best wishes
Liz and Jenny.
