Office for Students Strategy Workshop (Wednesday 29 May, 10:00-14:00, The Slate)

The Office for Students (OfS) are holding a series of Strategy Workshops aimed at students and senior staff at higher education institutions who are interested in helping the OfS decide its future strategic direction, and so they are keen to meet our staff and students. The Registrar has hired The Slate on Wednesday 29 May, 10:00-14:00 so please circulate this invite among staff and students who may be interested in attending and sign up yourselves if it is of interest. A blog post about the wider strategy workshops can be found [here](#). Please sign up to the event using [this link](#).

Distinguished Africa Lecture: Higher Education in Africa in the era of Artificial Intelligence, Professor Tshilidzi Marwala (Monday 3 June, 16:15, OC0.03 and Teams)

The annual Distinguished Africa Lecture 2024 will be taking place on Monday 3 June at 16:15 in OC0.03 and on Teams. The lecture title is “Higher Education in Africa in the era of Artificial Intelligence” and will be delivered by Professor Tshilidzi Marwala, the United Nations University Rector & UN Under-Secretary-General. For more details and to register for this and/or the pre-discussion panel on 'Innovation and Sustainability: Confronting Challenges and Seizing Opportunities for Transforming Africa', please use [this link](#).

Please promote: ECR Wellbeing Workshop: Friday 14 June, 13:00-15:00

The National Centre for Research Culture is inviting research assistants, PhD candidates, and postdoctoral researchers to register their interest for a workshop aiming to explore and prioritise the challenges related to the wellbeing of early career researchers. They want to gather opinions that will help them inform the development of a project that aims to address some of the identified challenges. If you are interested and available on Friday 14 June from 13:00-15:00, [please register your interest here](#). Refreshments will be provided, and a £25 voucher given as a thank you for your time and participation. Due to the interactive nature of the workshop, places will be limited to 20 and will be confirmed via email. If you have any questions, please contact [Marie Sams](#), Head of NCRC.

Please promote: Panorama DTP UG and PG Student Researcher Placements

Please forward to UG and PG students within your departments: the Panorama DTP at the University of Leeds has eight paid NERC funded Research Experience Placements (REPs). REPs give undergraduate and master's students a taster of what it's like to be a postgraduate researcher. Placement duration is six weeks full time during the summer vacation period (June/July/August). The time can be taken as a single block or split to accommodate prior commitments. We particularly encourage students from underrepresented groups to apply (ethnic minorities, those with a disability or from low-income backgrounds). For more information and details on how to apply please see the Panorama DTP [website](#).

Student Communications: Week 4, Term 3

PDR for Reviewers: Prep Day

Aim of the workshop:

This short course aims to enable reviewers to hold effective PDR conversations with their teams. During the day, there will be sessions on setting and reviewing goals, reviewing and planning for development, and career conversations. There is also time to prepare for and write your reviewees' PDRs, and the opportunity for an optional 1:1 appointment with the facilitator if you have particular questions.

If you have any questions, please email imd@warwick.ac.uk

Digital Round Table - Opportunities & Challenges with digital technology innovation

This is a series of sessions led by Dr Brendan Spillane, the lead for digital technology innovation support at Warwick Innovations.

This technology space continues to expand to include software, hardware, AI, VR/AR, telecoms, cloud & quantum computing and data science. Best practice in protecting and managing intellectual property rights has been developing fast, and there are likely opportunities and issues many researchers are unaware of.

The objective of these small roundtable sessions is to introduce the breadth of IP protection and commercialisation opportunities and discuss individual cases in a confidential and informal setting to facilitate knowledge sharing.

Places are limited, but this will run on a regular basis, so please follow this Eventbrite link to sign up for one of these sessions <https://www.eventbrite.co.uk/e/digital-roundtable-tickets-904627935507>

Hi all,

The Health and Safety team have asked that I call your attention to their [Health and Safety Notice Board](#).

There is a link to this on our [departmental H & S pages](#).

Please take the time to look at both the departmental pages and this notice board periodically.

Thank you

Linda
