The Skills team

The Warwick Award is an award gained by developing and demonstrating 12 core employability skills. You gain the skills through either work experience, academic projects or taking short courses

The **THRIVE programme** supports students develop their confidence, resilience, and self-belief/agency. It's in-person either over 2 consecutive days or 4 weekly half-day sessions

Intercultural Training programme is a portfolio of workshops that prepare you for studying and working in a global setting.

URSS is an undergraduate research opportunity, whereby you create your own research project. It is best to **consider this in Year 2 once you have a better understanding of the fundamentals and what research is required**

TeaMWork

Online, international collaboration between students working on a business problem set by a company.

- It's online and so you don't need to travel
- Collaboration between the University's partner universities
- See it as consultancy work for the company posing the problem for you to solve
- Interdisciplinary – they want diverse minds on these projects as the companies need your insights
- Problems have been set by Coca Cola, Government of Malta, Tata, EuroStar

Short Term Mobility

This team advertises, supports, and helps provide funding for any international opportunity that is between 3 days and 3 months

- Summer schools
- International conferences
- International volunteering
- Warwick-led opportunities
- Faculty trips
