

### ST116 Feedback 2021/2022

I attended at least 75 percent of my tutorials	ST116 Feedback_I have found attending tutorials useful.	ST116 Feedback_Tutorials were run in an engaging way and students were given the opportunity to participate.	ST116 Feedback_The tutor was well prepared and explained concepts well.	ST116 Feedback_I could easily read the information written on the screen/board.	ST116 Feedback_I received helpful feedback on my written work	What did you particularly enjoy about the tutorials	Do you have any suggestions on how to further improve tutorial delivery and/or organisation in the future	Any further comments
