

5TH ANNUAL

MIDLANDS BIOPHYSICS NETWORK SYMPOSIUM

WEDNESDAY 18TH APRIL 2012
SCHOOL OF LIFE AND HEALTH SCIENCES
ASTON UNIVERSITY, UK

Towards Novel Drug Targets

Prof. Ian Martin (Aston)

The Cys loop family of ligand gated ion channels

Prof. Stephen Hill (Nottingham)

New tools to study GPCRs in single living cells

Prof. Mark Wheatley (Birmingham)

The extracellular loops of GPCRs

Prof. Richard Neutze (Gothenburg)

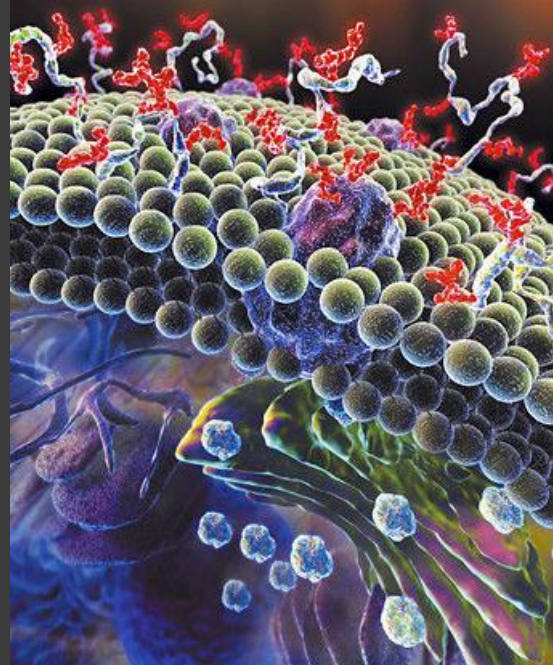

Emerging X-ray approaches for visualising membrane protein structural dynamics

Other speakers to be selected from abstracts

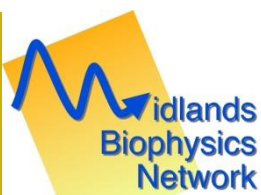

Deadline Sunday March 18th 2012

To register please visit:
