

Our Community Values and Expectations

At Warwick, we value our diverse and international community, the pursuit and dissemination of knowledge and research with real impact. We nurture intellectual challenge and rational, rigorous debate. We want to support our students and each other to become critical thinkers and collaborative yet independent learners – individuals with a global and sustainable outlook, who are able to make an active and positive contribution to society. At the same time, we are committed to working towards a supportive, accessible and inclusive environment within which all members of our community can successfully learn, work, live and socialise. ***We uphold the importance not only of freedom of thought and expression, but also the significance of academic and personal integrity, equality and diversity, and mutual respect and consideration for the rights, safety and dignity of all.***

We place great importance on the responsible behaviour of both our students and staff at Warwick. It is important for you, as a student, to have an idea of Warwick's core values and an understanding of the primary expectations of student members of the Warwick community.
